Extract from Schedule of probable requirements of the Post office Department for Public Works for 1875-76

Postal Circle	Description of work	Estimated amount			Remarks by the Dir. Genl of the P.O of India
Madras	Major Works				
	Cuddalore a new Post Office	4.000	-	-	The Post office work is now conducted in a portion of a long building which has been condemned, which is inconveniently situated both as respects the native town and European residents and which contains no accomodation for the Post Master. After a recent personal inspection of the locality the Post Master General represents the need for a new Post office at this place as very great.
					The estimate is an approximate one no formal plan having yet been prepared
	Minor Works	10,000	-	-	
	Total	14,000	-	-

Province	Division of Public Works	Number of Estimate	Name & locality of Proposed work.	Amount of Estimate	Amount of any likely to be spent after 31st March 1875	Amount required during ensuing official year.	Remarks.
Madras	Presidency		Telegraph Office Madras.	Probable 2,75,000	50,000	1,50,000.	The revised plans and Estimate for the joint Post and Telegraph Office building at Madras have not yet been sanctioned and it is not known when the building will be commenced. The Consulting Architect to the Madras Government states however that the grant of 50,000 sanctioned in 1874-75 will be utilized, and that Rs 1,50,000 can be expended on the work in 1875-76 and provision to this extent has therefore been made. The building is urgently required. the quarters now rented are wholly unsuitable to the present requirements of the Department. The lease executed in 1873 will expire in April 1875, and it is very doubtful if the owner will renew without enhanced rent. The full amount now applied for should therefore, if possible be sanctioned with the view of the building, at least the Telegraph portion, being completed as early as practicable.
Do.	Bellary Dist.		Quarters for Signaller at Bellary.	9,930	7,000	2,930.	A lump sum of Rs 7,000 was asked for, and sanctioned for this work in 1874-75. It was supposed that this amount would be sufficient. The Estimate is, however, for Rs 9,930, and it cannot be reduced without curtailing the accommodation required to be provided which is not practicable, Bellary being a large and important junction office. Sanction is therefore requested to the amount asked for being granted in 1875-76.

H. Robinson Colonel R.E.
