*Proceedings of the Madras Government, Public Works Department,
29th September 1874.*

No. 570.

Read the following:—

No. 1,967.

FORM B.

*Statement of Temporary Survey Establishment required for Imperial Projects other than
Extraordinary during the year.*

Details of Establishment.	Period for which required.	Total cost.	Explanation of necessity.
MADRAS WATER WORKS PROJECT. <i>Mount Range.</i>		RS.	
Surveyor at 60 Rupees per month.	3 Months ...	180	1st.—He must check the levels already traced by Taluq Overseer, a distance of some 50 miles.
5 Lascars at 6 Rupees per month.	Do. ...	90	2nd.—He must continue these levels from the B. M. along the Sydapet Taluq Boundary as far as the Cortelliar, a distance of some 30 miles altogether, which will require great care.
			3rd.—In connection with these levels he will have to make regular surveys with cross sections of several tanks at least one month's work.
			4th.—He must make a correct survey with cross levels of the existing drainage channel; this is necessary not only to ascertain the best line for the new drainage, but also in order to frame a correct estimate of the cost of the same.
			5th.—He must then take accurate surveys of the lines that may be proposed for the new irrigation channels.
Total...		270	

GUINDY,
7th September 1874.

(Signed) F. J. MOBERLY, Colonel, R.E.,
District Engineer, Chingleput.

To the Chief Engineer for Irrigation, with reference to G. O., No. 1,753, dated 30th June 1874, paragraph 5.

No. 571.
