*Proceedings of the Madras Government, Public Works Department,
16th February 1874.*

No. 316A. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 31st January 1874, No. 7,065 :—

WITH reference to G. O., No. 188, of the 27th instant, requiring me to suggest the precise head of service to which the outlay in running steamers on the Godavery for the purpose of developing its traffic should be charged, I have the honour to state that judging from the letter printed with the Government Order above quoted (I have not received the previous correspondence), I am inclined to think that the charge should appear as for *New Work* under Ordinary Agricultural expenditure for which no Capital or Revenue Account is kept, in the same way as experimental expenditure on Fisheries is intended to be charged, *vide* pages 8 and 9 of the Budget forms attached to Government of India Public Works Department Circular No. 64 of 28th October 1871.

No. 316B. ORDER THEREON, 16th February 1874, No. 385A.

ACCOUNT, No. 22.

THE Controller of Public Works Accounts will be furnished with a copy of G. O., No. 2,376, dated 26th September 1873, from which he will observe that although it was proposed to defray the

cost of running steamers on the Godavery from savings on the Agricultural allotment, as being the only available source under Imperial, the measure has no direct bearing on Agricultural interests, but has been undertaken with a view of developing the traffic of the river, and obtaining accurate data relative to the same. Under these circumstances it does not seem correct to charge the cost of the experiment to "Agricultural."

2. A further report on the subject will be awaited.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Officiating Controller of Public Works Accounts, with Government Order.
,, Chief Engineer for Irrigation.

Office of the Controller
of Public Works Accounts
From Madras 31st January 1871

The Officiating Controller of
Public Works Accounts

The Secretary to Government
Public Works Department
Fort Saint George

Sir
With reference to G. O. No. 188 of
the 27th instant, requiring me to suggest
the precise head of service to which
the outlay in running steamers on the
Godavery for the purpose of developing its
traffic, should be charged, I have the
honor to state that judging from the
letter printed with the G. O. above quoted
(I have not received the previous corres-
pondence) I am inclined to think
that the charge should appear as for
new work under Ordinary Agricultural
Expenditure for which no capital or
Revenue

Revenue Account is kept in the same
 way as Experimental Expenditure in
 Fisheries is intended to be charged vide
 p p 8. 9 of the Budget forms
 attached to Government of India mili-
 tary Department Circular No 64 of 28th
 October 1871.

I have the honor to be,
 Sir,

Your most obedient servant

J. D. [Signature]

Off Controller of the Accounts

It is requested that you will
 be good enough to forward all
 bills for the Fisheries Department
 to the Controller of the Accounts
 for the purpose of being
 audited and then forwarded
 to the Treasury for payment.
 I am, Sir, very respectfully,
 Yours obedient servant,
 J. D.

Under date, the February 1874 -

Read the following

From the Off Controller of
I. W. Accounts.

(Here enter No 7065 of 31. Aug
1874)

The Controller
of Public Works Accounts
will be furnished with a
Copy of G. O. No 237 dated
26th September 1873 from
which he will observe
that although it was
proposed to defray the
cost of running Steamers
on the Godavary from
Savings

De Ordu

P. O. No. 1874- Notation and
 of Mr. J. J. Goodrich & Co.
 from 28-2-92

To the Secretary of the Treasury
District of Columbia
Washington

Date 3/6
No. 27
1894
127065

Suggests that the change should be directed to New York under Ordinary Agricultural expenditure for which no capital or revenue is kept.

And this is his gift
— and that is mine
and his friends from
in this place —
And I expect
would the friends be
pleased — do it a
friend?
12/2 1707

Beyond that time, I'm thinking he communicated
 to the Service in continuation of (the) the
 with an intention that the
 kind of Service suggested by the Controller of Service
 appears to be that which the only the relevant
 remaining of the Service in the Service, I should be thinking
 of the above Service to the Service of the Service.

10-13858-16 July 34
Write an order

savings on the Agricultural
allotment, as being the
only available source under
Imperial, the measure
has no direct bearing
on Agricultural interests,
but has been undertaken
with a view of developing
the traffic of the river
and obtaining accurate
data relative to the same.

Under these circumstances
it does not seem correct
to charge the cost of the
experiment to Agriculture.

A further report
on the subject will be awaited.
