*Proceedings of the Madras Government, Public Works Department,
27th February 1874.*

No. 570. Read the following letter from R. E. NORFOR, Esq., District Engineer, South Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Virdachellum, 9th January 1874, No. 197:—

With reference to G. O., No. 2,698, of the 4th November 1873, I regret having again to trouble you to obtain an additional grant of Rupees 86-7-4 on account of the temporary Survey establishment employed for the investigation of the storage in connection with the Pelandorai Anicut Project.

2. In the statement printed in the Government Order above quoted the establishment in question was applied for from 1st March to 15th October last, requiring a grant of Rupees 429-5-4; but the Range Officer now reports that Rupees 86, the salary of the establishment for *February* which was disbursed in this official year, was not included in the statement submitted by him and that the amount sanctioned has consequently been exceeded by the amount now applied for, which the Controller has passed provisionally pending the sanction of Government to the same.

3. The investigation of the project has been completed and the plans and estimates are shortly expected.

P.S.—I consider this great carelessness on the part of Mr. Hicken, and have reprimanded him for exceeding the allotment without authority.

No. 571. ORDER THEREON, 27th February 1874, No. 510.

ESTABLISHMENT, No. 37.

As it appears that the additional sanction, amounting to Rupees 86-7-4, asked for on account of the Pelandorai Project Survey, is required in connection with the adjustment of a bill for February last which was not paid before the close of the last official year though funds were then available, the Controller is authorized to pass this charge in addition to those incurred under the sanctions given in the Orders as per margin.
