previous correspondence on the subject of punkah-pulling expenditure, I am directed by the Right Hon'ble the Commander-in-Chief to state, that

as economy in expenditure can only be ensured by alterations in the existing method of suspending and connecting punkahs, the provision of pulleys, etc., etc., His Excellency trusts that the Public Works Department will be able to make arrangements, so that the necessary alterations and improvements may be effected prior to the setting in of the ensuing hot season.

2. The report of the Special Committees showing the alterations in suspensions and connections, and the changes generally recommended at the different stations are at present under consideration, and will shortly be submitted for the orders of the Government of India.

No. 271, dated 6th January 1874.

Endorsed by Military Department.

Copy of the foregoing forwarded to the Public Works Department, in continuation of docket No. 899, dated 27th October 1873, with a request that the attention of all officers may be most specially called to this subject, which is of great importance both as regards economy and the comfort of the men.
