2. A sum of Rupees 600 was sanctioned in G.O. of 26th August 1873, No. 1,357, Judicial Department, for the first-mentioned work; but owing to a sudden rise in the price of materials the sanctioned amount is found to be inadequate, and a further sum of Rupees 72 is required for completion. The work is reported to be in good progress.

3. For the second work a sum of Rupees 40 is required for completion, Rupees 300 sanctioned for this purpose in G.O., No. 1,711, dated 2nd July 1873, Public Works Department, having been subsequently found insufficient. The Superintendent reports that the work is near completion.

4. The sum of Rupees 475 sanctioned for ~~completion~~ ^{sanctioned for completion} this year for the third and fourth works in the Government Order quoted in paragraph 3 is found to be insufficient owing to a rise in the price of materials and to the distance from which the latter have to be brought; hence a further grant of Rupees 100 is required for completing the same.

5. The fifth work is new and much required. The Inspector has already sunk a well at the locality at his own cost, and the sum of Rupees 63 is required to provide a walled fence and to deepen the well so as to secure a sufficient supply of water during the dry weather.

6. To provide funds to meet the cost of these proposals, I request sanction of Government to the following transfer of building funds under head Construction:—
