*Proceedings of the Madras Government, Public Works Department,
3rd March 1874.*

No. 75. Read the following endorsement of the Chief Engineer for Irrigation, dated 23rd February 1874, No. 171-B. :—

From R. SMITH, Esq., District Engineer, Nellore, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Nellore, 13th February 1874, No. 145.

IN continuation of my letter, No. 127, dated 27th December last, reporting that the probable expenditure on the Survapully Project during the current official year would be Rupees 30,000, I have the honour to inform you that, in consequence of the state of the crops in the delta, I fear it will be impossible to spend more than Rupees 25,000. Every endeavour will be made, when the channels can be drained, to proceed vigorously with the works, but at present the great demand for water will not admit of any being allowed to run to waste.

SUBMITTED to Government with reference to G. O., No. 297, of the 6th February 1874.

(Signed) J. MULLINS, Lieut.-Colonel, R.E.,
Chief Engineer for Irrigation.

No. 76. ORDER THEREON, 3rd March 1874, No. 555.

IRRIGATION, No. 5.
<i>Account.</i>

ORDERED that the Government of India be informed of this additional surrender of Rupees 5,000 from the Budget grant under Extraordinary, Item No. 10.
