*Proceedings of the Madras Government, Public Works Department,
5th March 1874.*

No. 109. Read the following letter from R. E. NORFOR, Esq., District Engineer, South Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Camp at Aialore, 19th February 1874, No. 224 :—

In continuation of my endorsement of the 19th ultimo, No. 202, I have the honour to report that a sum of Rupees 1,500 is available for transfer to other services from the allotment of Rupees 6,250 made in G. O., No. 1,803, of 14th July 1873, for cutting a channel from the Pooniar to Oopalavady.

2. I expected that the full grant would have been utilized and the work completed before the end of March next, but the French ryots of Arachicooopam have now raised objections to the adoption of the line marked out in accordance with the sanctioned Survey and the Convention; the work has therefore been suspended, and the matter is now under reference through the Special Agent.

3. I take this opportunity of bringing to your notice that should the sum of Rupees 1,500 now surrendered be at *once* transferred to Minor New Works to supplement the grant of Rupees 6,847 under this head, it will be fully expended in this year.

No. 110. ORDER THEREON, 5th March 1874, No. 575.

IRRIGATION, No. 10.
Account.

ORDERED that the amount of Rupees 1,500 surrendered in the above letter be placed at the disposal of the Chief Engineer for Irrigation for expenditure on Minor New Works.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, South Arcot.
,, Chief Engineer for Irrigation.
,, Officiating Controller of Public Works Accounts.
