*Proceedings of the Madras Government, Public Works Department,  
6th March 1874.*

No. 136. Read the following endorsement of the Inspecting Engineer for Buildings, dated Chepauk, 2nd February 1874, No. 165 :—  
From Captain A. EDGCOME, R.E., Officiating District Engineer, Bellary, to Colonel E. A. FOORD, R.E., Inspecting Engineer for Buildings, dated Camp at Pennacondah, Bellary, 1st December 1873, No. 1,438.

I HAVE the honour to submit a revised abstract estimate for Rupees 10,590, with a report, for constructing a second-class Sub-Magistrate's Cutcherry at Yemniganore, having made the needful alterations with reference to your letter No. 1,315, dated 24th October 1873. The original abstract estimate and report are also re-transmitted.

2. The hospital-shed has been omitted in the estimate. A report on this matter has been sent to Government, *vide* my letter printed with G. O., No. 2,763, dated 13th November 1873.

3. With reference to paragraph 2 of your letter, I beg to state that the estimate provides only for two female wards, as sanctioned in the standard plan, and not for four as appeared to you from the figure not being properly written in the specification. The revised specification is correctly written.

4. Paragraph 3 of your letter.—Bengal terrace is estimated for, because tiled roofing does not prove substantial in this district. Tiles of good quality are not procurable, as I have mentioned on previous occasions. Bengal terrace saves much expense that will have to be incurred on account of constant repairs if tiled roofing were to be substituted.

5. Paragraph 4.—The design adopted for ryots' shed is that circulated with G. O., No. 232, dated 23rd April 1872.

6. The plan of the latrine is in accordance with Colonel Roberts' design, communicated for adoption with G. O., No. 1,306, dated 10th May 1873.

7. The cook-house will be enclosed with honey-comb tiled work, agreeably to the instructions conveyed in paragraph 6.

8. The foundations to the main building will be laid, as suggested, in paragraph 7.

9. The plans of the latrine and cook-house are herewith transmitted, as called for in paragraph 9. The former has received the approval of the Magistrate.

THE revised estimate of Rupees 10,590, for constructing a Deputy Tahsildar's

1 Estimate, Rupees 10,590.

1 Plan of Latrine.

1 Site Plan.

1 Revised Specification.

1 Collector's letter.

Cutcherry with out-houses at Yemniganore, Adoni Taluq, Bellary District, is forwarded to Government for sanction.

This estimate has been prepared in accordance with the standard design

circulated with G. O., No. 779A, dated 5th March 1871.

2. A sum of Rupees 5,000 is provided for this work in the current year's Provincial Budget Item No. 5, and, in anticipation of the sanction of estimate, materials for the work are under preparation.

3. The construction of this building was approved by Government on the recommendation of the Jail Committee, see paragraph 106 of Committee's Report, communicated with G. O., No. 49, dated 8th January 1869. The urgent necessity for the work was also brought to the notice of Government in the Collector's letter

*Proceedings of the Madras Government, Public Works Department,  
6th March 1874.*

printed with G. O., No. 816, dated 22nd May 1872, Revenue Department, *vide* G. O., No. 244, dated 29th May 1872, Public Works Department.

4. From the accompanying plan it will be observed that the site, which was selected by the Collector, is 2 feet below the crest of the waste weir of the small tank in the vicinity. This tank has very little drainage area, and is very seldom filled. The tail race of the weir passes clear of the selected site, and there is no objection as regards level. The Collector has promised to arrange with the owner of the tank that the crest of the waste weir shall on no account be raised above its present level.

5. The Collector states\* that there is no site so well adapted for the Sub-Magistrate's Cutcherry as the one now selected, and for which a sum of Rupees 210-9-0 has been sanctioned in G. O., No. 2,675, dated 1st November 1873. Necessary measures will be taken to secure the building from dampness.

6. The plan adopted for the jail latrine is that circulated with G. O., No. 3,552, dated 18th November 1867.

(Signed) E. A. FOORD, Colonel, R.E.,  
Inspecting Engineer for Buildings.

No. 137.

ORDER THEREON, 6th March 1874, No. 585.

**CIVIL WORKS, No. 15.**

WHILE sanctioning the estimates, amounting to Rupees 10,590, submitted by the Inspecting Engineer for Buildings for the construction of a second-class Sub-Magistrate's Cutcherry at Yenniganore in the Bellary District, His Excellency the Governor in Council must express his dissatisfaction at the delay which has taken place in their preparation, seeing that an allotment of Rupees 5,000 is provided for the work in the current year's Budget, and that its necessity was brought prominently to notice by the Collector of the District so far back as

\* G. O., No. 244, dated 29th May 1872.

May 1872.\*

2. It is observed that estimates are still due for the Taluq Cutcheries at Raidroog and Pennacondah, the expenditure on which up to the end of November 1873 has amounted to Rupees 13,069 and Rupees 15,690 respectively, the original

\* Since increased, Pennacondah Rs. 12,500. allotment in the current year's Budget being Rupees 7,500\* for each work.

3. The Superintending Engineer of the 3rd Division was called upon in the Orders of the 29th May 1872, No. 244, to submit estimates for these works "as early as possible;" and His Excellency in Council refuses to believe that, with proper arrangements, the District Engineer should not long ere this have been able to lay them before Government for formal sanction.

*Copy of Letter No. 1354 dated 3rd October 1873, from  
the Collector of Bellary to the District En-  
gineer of Bellary.*

*With reference to your letter No. 1123 of the  
30th ultimo, I have the honour to express my  
opinion, as I have done before, that there is  
no site so well adapted for the Sub-Magis-  
trate's Cutcherry at Yenniganore as the one  
now selected. It is infinitely superior to the  
one at first selected, I believe by a number  
of your Department, which was under the  
brand of the Tank. This is not under the  
bank, it is only slightly below the crest of  
the Waste Weir.*

*2. The plinth of the building should be  
well raised, and if it be there will be no  
fear of the building being damp.*

*3. Other sites are available*

Off. District Engineer Bellary*

Specification to accompany Estimate for  
Constructing a Second Class Taluk Cutcherry with  
Out House at Yenmiganore in the Adony Taluk.

Amount of Estimate Rs 10590 as per  
Abstract Estimate accompanying, and consisting  
of the following items. —

|                            |              |
|----------------------------|--------------|
| Cutcherry                  | Rs 8066-5-   |
| Byots Shed                 | 178-5-3      |
| Cook's Shed                | 266-7-10     |
| Jail Latrine               | 364-13-5     |
| Public Latrine             | 633-13-6     |
| Sundries & Superintendence | 780-7-7      |
| Total Amount of            | Rs 10590-0-0 |

The building is to be agreeably to the  
Standard Plan received with dy. O. N. 179 et. dated  
15<sup>th</sup> March 1871, it is to be raised on a base-  
ment 2 feet high and the foundations are to be  
built 3'-6" inclusive of the concrete bed. The  
main building consists of the following rooms:

|                             |              |
|-----------------------------|--------------|
| Deputy Tahsildar's Court    | 26' x 16'    |
| Chak's Room                 | 16' x 12'    |
| Record Room                 | 16' x 12'    |
| Police Room                 | 22' 6" x 16' |
| 2 Jail Wards for Males each | 15' x 16'    |
| 2 " " for females do        | 15' x 8'     |

The walls are to be 12'-6" in mean  
height

height and 1'6" thick. The foundation & placement  
are to be built of burnt stone in chunam, and  
the walls above will be built of hammer dress  
stone in chunam plastered inside and neatly  
painted outside.

The roof is a simple trussed one, and  
together with the super-structure, rafters and  
bracings is to be of teakwood; the roof is to be  
covered with the Sloping or Bengol terrace, con-  
sisting of three courses of best flat tiles and three  
coats of chunam plaster.

The flooring is to be of 18" square slabs  
of granite pointed with chunam.

The Doors & Windows are to have  
a flat arch over them 1'6". The building is to  
have doors 3/4 panelled & 2/3 Venetian of teak-  
wood, windows with Venetian shutters, two bolts  
of sizes, and two pairs of hinges for each Door  
& Window, are included in the Estimate.

The Estimate provides for Nypothed,  
Cook Shed, Jail Latrine & Public Latrine, ac-  
cording to dimensions shown in the plan. The  
roof of all the Out Houses will be composed of  
jungle wood Conies, collar pieces, with solid  
bamboo supports covered with tiles.

This Estimate includes all accommo-  
dation and work that is required, and it is  
confidently expected that no supplementary  
works

Works will hereafter be required.

Off. J. District Engineer  
Bellary

Done.

N<sup>o</sup> 1432. District Engineer's Office, Bellary  
Camp Kemmancudah, Bellary Dist.  
The 1<sup>st</sup> December 1873.

From  
The District Engineer  
Bellary

To  
The Inspecting Engineer  
for Buildings  
Madras.

Sir,  
I have the honor to submit  
a revised Abstract Estimate for  
Rupees 10,590 with a report, for con-  
structing a 2<sup>nd</sup> Class Sub Magistrate's  
Quarters at Yenniganore, having made  
the needful alterations with reference  
to your letter N<sup>o</sup> 1315 dated 24 October  
1873. The original Abstract Estimate  
and Report are also transmitted.  
2. The Hospital shed has been  
omitted in the Estimate. A report on this  
matter has been sent to Government, &c. &c.  
Yours faithfully,  
[Signature]

Confidentially prepared and not to be published  
[Signature]

my letter printed with G.O. No 2763,  
dated 13<sup>th</sup> November 1873.

3. With reference to para 2. of your  
letter I beg to state that the Estimator  
provided only for 2 female wards, as  
sanctioned in the standard plan and  
not for 4 as appeared to you from the  
figure not being properly written in the  
Specification. (The revised Specification  
is correctly written).

4. Para 3 of your letter, - Bengal  
Terrace is estimated for, because tiled  
roofing does not prove substantial in  
this District. Tiles of good quality  
are not procurable, as I have men-  
tioned on previous occasions. Bengal  
terrace saves much expense that will  
have to be incurred on account of  
constant repairs if tiled roofing were  
to be substituted.

5. Para 4. - The design adopted  
for (N) 5 shed is that circulated  
with G.O. No 232, dated 23<sup>rd</sup> April  
1873.

6. The plan of the latrine is in  
accordance with Colonel Robert's de-  
sign communicated for adoption with  
G.O. No 1306, dated 10 May 1873.

7. The cook house will be enclosed  
with honey comb tiled work, agreeably  
to the instructions conveyed in para 6.

8. The foundations to the main build-  
ing will be laid as suggested in para 7.

9. The plans of the latrine and cook  
house are herewith transmitted, as called  
for in para 9. The former has received  
the approval of the Magistrate.

I am the honor Your V<sup>ca</sup>  
Respectfully A. Edgemoor Capt<sup>y</sup> R.E.  
Off<sup>y</sup> Dyott Engineer  
Bellary

N<sup>o</sup> 165

The revised Estimate of  
Rupees 10,590 for constructing per  
Deputy Tahsildar's (Autoherry)  
with out houses at Yenniganoor,  
Adony Talook, Bellary District,  
is forwarded to Government for  
sanction. This Estimate has  
been prepared in accordance with  
the standard design circulated  
with G.O. N<sup>o</sup> 779A, dated 5 March  
1871.

2. A sum of Rs. 5000 is provided  
for this work in the current year's  
Provincial Budget item N<sup>o</sup> 5 and  
in anticipation of the sanction of  
Estimate, materials for the work  
are under preparation.

3. The construction of this building  
was approved by Government on  
the

Enclosure 5.  
1 Estimate (Rs. 10,590)  
1 Plan of Latrine  
1 Site plan  
1 Revised description  
1 Collector's letter

the recommendations of the Jail  
Committee. See para 106 of Committee's  
report communicated with G.O. N<sup>o</sup> 49  
dated 8 January 1869. The urgent  
necessity for the work was also brought  
to the notice of Government in the  
Collector's letter printed with G.O.  
N<sup>o</sup> 816, dated 22 May 1872, Revenue  
Department, vide G.O. N<sup>o</sup> 246, dated  
29 May 1872, P.W. Department.  
4. From the accompanying  
plan it will be observed that the  
site, which was selected by the Col-  
lector, is 2 feet below the crest of the  
Masonry of the small tank in the  
vicinity. This tank has very little  
drainage area, and is very seldom  
filled. The tail race of the weir  
passes clear of the selected site and  
there

there is no objection as regards level. The collector has promised to arrange with the owner of the tank that the crest of the water wall shall on no account be raised above its present level.

5. The collector states that there is no site so well adapted for the Sub Magistrate's bungalow as the one now selected - and for which a sum of Rs 210-9-0 has been sanctioned in G.O. No. 2675 dated 1<sup>st</sup> November 1873. Necessary measures will be taken to secure the building from dampness.

6. The Plan adopted for the jail latrine is that circulated with G.O. No. 3552, dated 18<sup>th</sup> November 1867.

1867.

dissatisfaction at the delay which has taken place in their preparation, seeing that an allotment of Rspees 5000 is provided for the work in the Current years Budget, and that its necessity was brought prominently to notice by the Collector of the District so far back as May 1872.

G.O. 244 of 29 May 1872.

~~This delay the District Engineer will now explain~~

It is observed that Estimates are still due for the Taluk Cutcherries at Raichoor and Turinacunda, the expenditure on which up to the end of November 1873

\* Since increased  
Turinacunda Rs 12,500.

1873 has amounted to Rspees 13,069 and Rspees 15,690 respectively, the original allotment in the current years' budget being Rspees 7,500\* for each work.

The Superintending Engineer of the 3<sup>d</sup> Division was distinctly called upon in the orders of the 29<sup>th</sup> May 1872 No 244 to submit Estimates for these works "as early as possible"; and it is in-  
conceivable that with proper arrangements the District Engineer should not long ere this have been able to lay them before Govern-  
ment
