DEPARTMENT

G.O. No.	587.	(9)	Press
B.P. No.	587 A		Mis.
140-141-141A.			
Dated	6-3-1874 -195.		

Not to be folded or roughly handled

6th March 1874.

No. 140. Read the following memorandum from Lieutenant-Colonel J. MUL-
LINS, R.E., Chief Engineer for Irrigation, to Colonel G. W. WALKER,
R.E., Secretary to Government, Public Works Department, dated Fort
St. George, 28th January 1874, No. 95 :—

In a letter No. 2,508, of the 24th October 1872, to the Government of India, it
was proposed to add two lakhs under Tools and Plant to the estimates of the Central
Delta, then under preparation, to provide principally for additions to the floating
plant for use in the delta generally, and,

G. O., 10th January 1873, No. 84.

in reply to that letter, the Government
of India suggested, as a preferable arrangement, the revision on this account of the
estimates for the Eastern and Western Deltas.

2. It is not a convenient arrangement to consider any of the plant as belong-
ing specially to any section of the delta. All plant is used indiscriminately
wherever it is needed, and it is recommended, therefore, that only one account under
this head should be kept for the whole delta, and that, whenever it may be desired
to ascertain the exact total cost of any section, this should be done by adding to its
special expenditure its share of the general expenditure, as is done for the anicut
and head works for instance.

3. If this suggestion be approved, the Government of India might be asked
to sanction, under Tools and Plant Extraordinary, for the delta works, a sum
equivalent to about 8 per cent. on the estimates already sanctioned or submitted
for sanction, viz. :—

	RS.
Eastern Delta Estimates (sanctioned)	10,80,800
Do. do. (submitted bank canal)	2,33,200
Western Delta do. (sanctioned)	13,01,640
Total...	26,18,640

on which the 8 per cent. will amount to, say, Rupees 2,09,500, which may then be
deemed available for expenditure from time to time on details of proposed outlay,
within the annual budget provision, being submitted to Government. All outlay
against this sanction may properly be considered distributable in proportion to
the value of masonry works executed in the two sections of the delta, and may be
annually so distributed in order to maintain the record, in accordance with the
instructions contained in paragraph 1 of G. O., No. 84, of the 10th January 1873.

4. In preparing the Budget Estimates of 1874-75 provision to the extent of
Rupees 30,000, under Tools and Plant Extraordinary, has been made in anticipation
of the sanction of the proposals now brought forward.

No. 141. ORDER THEREON, 6th March 1874, No. 587.

IRRIGATION, No. 14.
Account.

THE Government prefer the
arrangement suggested by the Govern-
ment of India to that proposed by the
Chief Engineer for Irrigation, and in
transmitting a copy of these Proceed-

ings, the Government of India will be requested to sanction a provision for Tools

*Proceedings of the Madras Government, Public Works Department,
6th March 1874.*

and Plant on account of the Godavery Delta Works, separately for each distinct sanction already accorded, viz. :—

	Amount of sanctioned Estimate.	Required for Tools and Plant.	Total.
	RS.	RS.	RS.
Eastern Delta	10,50,800	86,200	11,67,000
Western Delta... ..	13,04,640	1,05,360	14,10,000

*Proceedings of the Madras Government, Public Works Department,
6th March 1874.*

No. 140. Read the following memorandum from Lieutenant-Colonel J. MUL-
LINS, R.E., Chief Engineer for Irrigation, to Colonel G. W. WALKER,
R.E., Secretary to Government, Public Works Department, dated Fort
St. George, 28th January 1874, No. 95 :—

In a letter No. 2,508, of the 24th October 1872, to the Government of India, it
was proposed to add two lakhs under Tools and Plant to the estimates of the Central
Delta, then under preparation, to provide principally for additions to the floating
plant for use in the delta generally, and,

G. O., 10th January 1873, No. 84.

in reply to that letter, the Government

of India suggested, as a preferable arrangement, the revision on this account of the
estimates for the Eastern and Western Deltas.

2. It is not a convenient arrangement to consider any of the plant as belong-
ing specially to any section of the delta. All plant is used indiscriminately
wherever it is needed, and it is recommended, therefore, that only one account under
this head should be kept for the whole delta, and that, whenever it may be desired
to ascertain the exact total cost of any section, this should be done by adding to its
special expenditure its share of the general expenditure, as is done for the anicut
and head works for instance.

3. If this suggestion be approved, the Government of India might be asked
to sanction, under Tools and Plant Extraordinary, for the delta works, a sum
equivalent to about 8 per cent. on the estimates already sanctioned or submitted
for sanction, viz. :—

	RS.
Eastern Delta Estimates (sanctioned)	10,80,800
Do. do. (submitted bank canal)	2,33,200
Western Delta do. (sanctioned)	13,04,640
Total ..	26,18,640

on which the 8 per cent. will amount to, say, Rupees 2,09,500, which may then be
deemed available for expenditure from time to time on details of proposed outlay,
within the annual budget provision, being submitted to Government. All outlay
against this sanction may properly be considered distributable in proportion to
the value of masonry works executed in the two sections of the delta, and may be
annually so distributed in order to maintain the record, in accordance with the
instructions contained in paragraph 1 of G. O., No. 84, of the 10th January 1873.

4. In preparing the Budget Estimates of 1874-75 provision to the extent of
Rupees 30,000, under Tools and Plant Extraordinary, has been made in anticipation
of the sanction of the proposals now brought forward.

No. 141. ORDER THEREON, 6th March 1874, No. 587.
