B.P. No.		Mis. _____
Dated	9-3-	CR 74 195

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
9th March 1874.*

No. 201. Read the following letter from Lieutenant-Colonel W. FAREWELL, Inspecting Engineer for Ports and Communications, to Colonel G. W. WALKER, R.E., Chief Engineer and Secretary to Government, Public Works Department, dated Chepauk, 14th February 1874, No. 672-58:—
I HAVE the honour to submit, for the sanction of Government, a plan, estimate, and specification, amounting to Rupees

1 Plan.
1 Estimate, 1,000 Rs.
1 Specification.

1,000, for constructing a first-class range boat for the use of the officer in charge of the East Coast Canal in the

district of Nellore. This officer has thirty-two miles of the completed canal under his charge, and is required frequently to move up and down it in its inspection, &c., &c., and it is therefore necessary that he should be provided with a boat under the same conditions as have for several years been in force in regard to the Range Officers' boats in the districts of Godavery and Kistna. A copy of the rules regulating the hire chargeable in those districts to officers using Government boats will be obtained and supplied to the District Engineer of Nellore.

2. Should the Government sanction the estimate, I propose to have the boat constructed in the Public Works Workshop at Madras, and I therefore solicit that funds for the purpose may be placed at the disposal of the District Engineer of the Presidency.

3. The Officer in charge of the canal lying within the limits of the Chingleput District has long been provided with a Government boat, but this boat cannot be conveniently made use of in both districts.

No. 202. ORDER THEREON, 9th March 1874, No. 620.

CIVIL WORKS, No. 18.

THE plan with estimate, amounting to Rupees 1,000, for the construction of a first-class boat for the use of the

Range Officer in charge of the East Coast Canal in the Nellore District, is sanctioned. The question of funds will be considered after the 1st April next.

Public Works Department.

Sir,

I have the honor to submit
for the sanction of Government
a plan, estimate and specification,
amounting to Rs 1000 for
constructing a first class
Range boat for the use
of the Officer in charge of
the East Coast Canal in
the District of Vellore.
This officer has thirty two
miles of the completed Canal
under his charge and is
required frequently to move

691
up and down it in its inspection
to it and it is therefore necessary
that he should be provided
with a boat under the same
conditions as have for several
years been in force in regard
to the Range Officers' boats
in the Districts of Godavari
and Krishna. A copy of the
rules regulating the hire chargeable
in those districts to officers
using Government boats
will be obtained and supplied
to the District Engineer of Tellore.
2. I should the Government
sanction the estimate I propose
to have the boat constructed
in the Public Works Workshop
at Madras, and I therefore
solicit that funds for the
purpose may be placed at
the disposal of the District
Engineer of the Presidency.
3. The Officer in charge
of the Canal lying within
