Proceedings of the Madras Government, Public Works Department,
12th March 1874.

No. 269. Read the following letter from Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and Military Buildings, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Chepauk, 16th February 1874, No. 256:—

I HAVE the honour to forward a copy of a letter* just received from the District Engineer of Kurnool in which he states that, in consequence of a fresh site for the Cumbum Cutcherry having been unexpectedly proposed by the Collector, he will not be able to proceed with the reconstruction this year, and surrenders the balance of the allotment.

* No. 1,067, dated 9th February 1874.

2. My letter to the Collector regarding the site was dated 19th November. His reply was written on the 24th January, and a copy was afterwards sent to the District Engineer in reply to a letter from him. Until now the District Engineer has been led to suppose that the Revenue Authorities wished the Cutcherry to be built in the old fort. In his letter to me of the 31st December he states:—"The old fort at Cumbum is so decidedly preferred by the Revenue Authorities that there is no use in waiting for further discussion about the site there."

From W. FRASER, Esq., C.E., District Engineer, Kurnool, to Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and Military Buildings, dated Chagalamarri, 9th February 1874, No. 1,067.

I HAVE the honour to inform you that, in reply to a letter from me, the Collector has sent me a copy of his letter to your address, No. 70, dated the 24th ultimo, on the subject of a site for the Taluq Cutcherry at Cumbum.

This is the first I have heard of the site now proposed, although when I was at Cumbum I talked the matter over with the Head Assistant Collector and the Tahsildar.

It certainly never occurred to me that any one would select the site now mentioned in the middle of the native town and surrounded by native huts.

2. This new idea regarding the site renders it quite impossible for any further expenditure this year, so I must give up finally Rupees 7,050 out of the sum sanctioned.

No. 270. ORDER THEREON, 12th March 1874, No. 657.
