*Proceedings of the Madras Government, Public Works Department,
13th March 1874.*

No. 295. Read the following letter from Colonel F. J. MOBERLY, R.E., District Engineer, Chingleput, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Guindy, 21st February 1874, No. 3,103 :—

IN reply to G. O., No. 337, dated 12th instant, I have the honour to report that some months ago, when I forwarded an estimate to the Military authorities for repairing Saint John's Church at the Mount, my estimate was returned, as the Barrack Master said the church was not borne on his list and was a private building.

2. As Saint Patrick's Church was also not on the list of Military buildings, the Range Officer was instructed on December 12th to inform the Officer Commanding the Mount that he should address the Barrack Master.

3. I was under the impression that the proper course of procedure should be as suggested by you now, and I did accordingly on 24th November forward an estimate for repairing the Roman Catholic Church at Poonamallee to the Deputy Assistant Quarter Master General, who appears to have forwarded the estimate to you instead of obtaining the sanction of the Brigadier-General. See your memorandum as Chief Engineer, No. 469, dated 27th November, and my letter No. 2,439, dated 5th December 1873.

4. Distinct orders will facilitate our action for the future.

No. 296. ORDER THEREON, 13th March 1874, No. 672.

MILITARY WORKS, No. 10.

COMMUNICATED to the Military Department.

2. As there appears to be some uncertainty as to which churches at Saint Thomas' Mount are entitled to repair, with funds provided in the Budget for Military buildings, as being entirely or in a certain proportion devoted to the use of the troops, the question will be referred for decision in the Military Department.
