Specification for converting a
Stable into a Dead House at West Hill
Barracks Calcutta in the 1st or 2nd Range of
Malabar District

Amount of Estimate Rs. 325-0-0

Details.

Only one stable being available, the
northern one in the stables to be converted
into a Dead House (16' x 12'). The room being
12' x 9' it is proposed to demolish the existing end
wall mark A in the Plan and prolong the
longitudinal wall for a length of 9 feet. New
walls to be built with the end and sides and
carried up to the exact height of present
Stables.

Masonry &
Lattering

The masonry to be of pricked latiride
in Khumam composed of 1 1/2 parts of ~~sharp~~
clear sand to 1 of shell lime. Walls to be plas-
tered both inside & outside with 2 coats in
Khumam, 1st coat being composed of 1/2 of sand
to 1 of lime and the 2nd coat 1 of sand to 1 of lime.

Floor.

Argument to be filled up with
pieces of hard latiride and well tamped over.
When it is well consolidated the floor should be
finished off with a coat of asphalt half inch
thick giving a slope of 1/2 inch towards the
east or back wall, to carry off the water thrown
on the floor after washing the dissecting tables
through a hole (2 inches in diameter) made
in the same wall.

Malabar District

Order in a letter No 334
of 27 March 1874

Abstract Estimate

For converting a stable
into a Dead House at
West Hill Barracks

Estimate

Estimate No. 325

Roofing.

The roof is to consist of 90 plates, rafters 6" x 3", piers, pendants &c. and to be of the same sort and to have the same slope as that of the roof of the Stables.

Doors, Windows and Ventilators.

A panelled door (7' x 4') to be fitted in the new end wall & 4 glazed windows each (4' x 3') to the east & west side walls. Over the windows in the east wall 2 ventilators or sky lights with glazed shutters to be fitted in, to allow sufficient light into the proposed Dead House.

Weather boards.

All windows & Ventilators to be provided with weather boards as shown in the Plans.
