*Proceedings of the Madras Government, Public Works Department,
21st March 1874.*

No. 576. Read the following letter from Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 10th March 1874, No. 5,634:—

THE Military Secretary to His Excellency the Governor has requested me at once to provide an enclosure wall in front and in rear of the Government House Stables in Madras as at Guindy, with a view to the prevention of the general traffic from trespassing within the precincts of His Excellency's stables, and to secure quiet during the day. At present bullock-carts and followers of all kinds frequent the stables, and things are constantly lost; also to avoid the risk of contagion from horses setting down guests at the Banqueting Hall during the prevalence of epidemics.

2. The approximate cost of the work now in progress will be about Rs. 650.
3. A detailed plan and an estimate are under preparation and will be submitted as soon as possible.
4. The work will be completed before the close of the current official year.

Sir,

The Military Secretary to H.E. the Governor has requested me at once to provide an enclosure wall in front and ^{in rear} back of the Government House stables in Madras as at Guindy, with a view to the prevention of the general traffic from trespassing within the precincts of His Excellency's stables and to secure quiet during the day. At present bullock-carts, and followers of all kinds frequent the stables, and things are constantly lost; also to avoid the risk of contagion from horses setting down guests at the Banqueting Hall during the prevalence of epidemics.

2. The approximate cost of the work now in progress will be about Rs 650.

3. A detailed plan, and an estimate are under preparation, and will be submitted as soon as possible.

4. The work will be completed before the close of the current official year.

I have the honor to be

Sir,

Your most obedient servant.
