District Engineer's Office S. S.
Madras 19th February 1874.

From,

The District Engineer,
South Arcot.

To,

The Secretary to Government,
D. P. W.

Sir,

With reference to G. O. N. 276 of the
4th instant, on the statement of Revenue
two months for 1871-72, I have the honor to ob-
serve that the Allangal Channel is included
with the Pagavien and Peraboy channels
and the Poniar Account, as ordered in G. O.
N. 2889 of the 7th December 1872, but this
has been modified by G. O. No 682 of the 3rd
March 1873, and the Allangal Channel
ordered to be considered as a separate and
distinct work as heretofore. This latter G. O.
appears to have been lost sight of in Con-
troller's Office.

2 I shall feel obliged by your informing
me whether the channel in question is a
long existing work which has been only

No. 704. Read the following letter from R. E. NORFOR, Esq., District Engineer, South Arcot, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Arcalore, 19th February 1874, No. 223:—

With reference to G. O., No. 276, of the 4th instant, on the Statement of Remunerative Works for 1871-72, I have the honour to observe that the Allangal Channel is included with the Ragavien and Pombay Channels and the Poniar Anicut, as ordered in G. O., No. 2,889, of the 7th December 1872; but this has been modified by G. O., No. 682, of the 3rd March 1873, and the Allangal Channel ordered to be considered as a separate and distinct work as heretofore. This latter Government Order appears to have been lost sight of in Controller's Office.

2. I shall feel obliged by your informing me whether the channel in question (a long-existing work which has been only lately improved, and which was not heretofore entered in the statement,) should find place in future returns.

No. 705. ORDER THEREON, 25th March 1874, No. 851.

IRRIGATION, No. 52.

Section II. of the classification laid down in G. O., No. 1,030, dated 3rd April 1873.

It is not intended that the Allangal Channel should be brought into the Statement of Remunerative Works. It will ultimately form one of a group of the minor irrigation works drawing their supply from rivers.
