*Proceedings of the Madras Government, Public Works Department,
31st March 1874.*

No. 799. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 14th March 1874, No. 8,209 :—

In acknowledging the receipt of Proceedings of Government, No. 359A., dated 13th February 1874, and with reference to G.O., No. 154, dated 23rd January 1874, therein quoted (which was not communicated to this office), I have the honour to state that, as a sum of Rupees 590 has been appropriated from the grant for the Madras Telegraph Office on account of the Telegraph Office at Guntoor, there remains a balance of Rupees 43,410, and not Rupees 44,000 as supposed by the Government of India to be available for withdrawal from the ordinary Public Works Grant. But even the smaller sum of Rupees 43,410 is not available, for the expenditure (Rupees 6,103) on the Telegraph Office in Madras during the current year has to be charged to the grant of the year, as also the excess outlay of Rupees 1,827 on the Telegraph Office at Bellary. The grant for the last-mentioned building was Rupees 5,000, but the outlay has been Rupees 6,827.

No. 800. ORDER THEREON, 31st March 1874, No. 901.

CIVIL WORKS, No. 85.

THE Government of India having in the letter recorded with G. O., No. 2,340, dated 20th September 1873, appropriated for expenditure elsewhere a sum of Rupees 6,000 from the grant* for the Madras Telegraph Office, and having subsequently† withdrawn a further sum of Rupees 44,000, the transfer of Rupees 590 for the Guntoor Telegraph Office which had been already made‡ as well as the excess expenditure of Rupees 1,827 on the Telegraph Office at Bellary should be adjusted by allotments of funds from other sources. The latter amount has accordingly been provided in the orders reviewing the statements of savings and demands, and the former will be allotted by transfer should savings become available before the close of the year. The Government of India have already been informed in connection with the regular estimate§ that expenditure had already been incurred during the current year to the extent of Rupees 8,303¶ from the assignment for the Telegraph Office, and as it is not practicable to adjust this by re-appropriations, it must appear as an excess in the accounts of the year.
