public works DEPARTMENT

G.O. No.	965	Press
B.P. No.		Mis.
	125-128	
Dated	14-4-1874	195

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
14th April 1874.*

Read the following letters:—

No. 125. From Captain J. PENNYCUICK, R.E., District Engineer, North Arcot, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Vellore, 26th February 1874, No. 3,547.

I HAVE the honour to forward herewith a plan with specification and estimate, amounting to Rupees 1,030, for altering a portion of the Public Works Store godowns in the Fort of Vellore so as to provide accommodation for the Postmaster of that station.

- 1 Plan.
- 1 Estimate.
- 1 Specification.
- 1 Copy of letter.
- 1 Abstract.

2. The nature of the alterations is sufficiently shown by the plan; the building is not required by this Department.

3. The original requisition for this work (a copy of which is enclosed) was received more than a year ago. The delay has arisen mainly from successive revisions being rendered necessary by the want of exact information as to the amount of accommodation required.

4. The plan and estimate have not been countersigned by the Postmaster-General, but the Director General of Post Offices, in a letter to that officer, states that he approves of the plan and estimate and will take steps for providing the necessary funds during 1874-75.

5. The papers were forwarded originally to the Inspecting Engineer for Civil and Military Buildings, and have been returned by that officer "to be dealt with in accordance with G. O., No. 309, of 9th instant."

No. 126. From Major the Honourable E. R. BOURKE, Postmaster-General, Madras, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Nellore, 11th March 1874, No. 1,489-1,145.

OWING to recent changes in the arrangements connected with the travelling Post-offices, I find that quarters at Cuddapah will not now be required for the sorters, and that, therefore, the sum of Rupees 2,500, available by the Arcotum Post-office being built from Railway capital, would have to be utilized elsewhere. I would, therefore, in modification of my letter No. 15,103-339, dated 9th February 1874, propose that the amount in question be utilized for a Postmaster's residence at Madura.

No. 127. From the same Officer, dated Camp at Nellore, 11th March 1874, No. 1,490-1,145.

IN reply to your letter No. 165, dated 6th March 1874, I have the honour to refer you to mine, No. 15,511-1,145, dated 17th February 1874, asking whether funds cannot be made available, during the current official year, for the estimate of Rupees 1,030 for addition to the Post-office at Vellore. If this cannot be done, I beg to propose that the necessary orders be issued for the work being taken in hand next month, and funds allotted from the sum of Rupees 10,000 sanctioned by the Government of India for minor works in the Postal Department for the year 1874-75.

*Proceedings of the Madras Government, Public Works Department,
14th April 1874.*

2. As regards the sum of Rupees 2,500 available for work in 1874-75, owing to the Arconum Post-office being built from Railway capital, I beg to refer you to my letter No. 1,489-1,145, of this date, asking that this sum may be reserved for a residence for the Postmaster at Madura instead of for the quarters for sorters at Cuddapah.

No. 128.

ORDER THEREON, 14th April 1874, No. 965.

CIVIL WORKS, No. 14.

THE plan with estimate amounting to Rupees 1,030 for altering a portion of the Public Works Store godowns in the Fort at Vellore, so as to provide accommodation for the Postmaster of that station, are approved, and funds are allotted from the grant of Rupees 2,500 available in the Budget of 1874-75 from the Arconum Post-office, in order that work may be undertaken without delay.

2. The consideration of the question of funds for the Postmaster's quarters at Madura will be deferred pending the submission of the requisite plans and estimates, which should be supplied by the District Engineer on instructions from the Postmaster-General as to the amount of accommodation required.
