Dated 12-11-1874 ~~105~~.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
12th November 1874.

No. 203. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 27th October 1874, No. 653:—

WITH reference to paragraph 2 of the Order of Government, under date 9th October 1874, No. 2,886, I have the honor to report that the Agent, South Indian Railway, states that "all the girders for the Southern Extension have now been received with the exception of those for one bridge in District No. X. They consist of five 70 feet skew spans for the Gunnacherry river, and are in the ship *Ellenborough* which has had to put into Rio Janiero, leaking badly. I do not think however that any delay to the opening of traffic need be feared, as these girders are almost certain to reach us before the rolling stock can be ready to work the line south of Madura."

2. The attention of the Agent has been drawn to the remarks of His Excellency in Council on Statement D, and arrangements have been made for the accurate preparation of this in future.

No. 204. ORDER THEREON, 12th November 1874, No. 3,207.

RAILWAY, No. 32.

ORDERED to be recorded and communicated to the Government of India in continuation of the reports transmitted with docket No. 2,887, dated 9th October 1874.

(True Extract.)

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government.

No. 205. (DOCKET No. 3,208, dated 12th November 1874.)
COPY of the above forwarded to the Government of India.
