No. 378. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 25th September 1874, No. 5,639:—

WITH reference to G. O., No. 2,629, of the 16th instant, directing the discontinuance of the preparation and submission of Statements of Remunerative Agricultural Works, I have the honor to request that you will be good enough to inform me whether, as the statements now required by the Government of India are only those prescribed by that Government in Circular No. 80 of 1871, the preparation of statements of reproductive works (*vide* G. O., No. 2,701, of the 5th November 1873,) may not also be discontinued.

2. The statement of reproductive works was last submitted for 1869-70, and since then complete information has not been received for any year from District Engineers.

No. 379. ORDER THEREON, 21st November 1874, No. 3,297.

IRRIGATION, No. 42.
Account.

Vide G. O., No. 1,046, 21st April 1870.
Proceedings, Madras Government, 30th April 1872, No. 1,102.

IT is observed that the statement of reproductive works is an abstract return intended to be appended to the Annual Administration Report, and that it was called for by the Government of India. The Controller of Public Works Accounts has not indicated by what statement prescribed in Circular No. 80 of 1871 that of reproductive works has been superseded, but it would appear that "Revenue Accounts of 187 — —7— No. II., Abstract of Revenue Accounts of Irrigation Works for the year 187—," given on the last page of the forms communicated with the above Circular will give similar information, and, this being the case, the superseded return will be no longer required.

2. The Controller is requested in making similar references in future to specify distinctly by what modern forms, if any, old forms of account have been rendered obsolete.
