No. 429. ORDER THEREON, 24th November 1874, No. 3,323.

MILITARY WORKS, No. 12.

THE estimates of Rupees 6,075 and Rupees 4,800 for relaying the floors of the Military buildings at Calicut and Malliapuram with timber and asphalte are sanctioned, and the District Engineer will provide for the execution of the work from the Repair Funds at his disposal. Should these funds not be adequate to meet the cost of the work in full, it must be completed or at least paid for in next official year.

Calicut 20th August 1875 District Engineer Malabar.

Specification to Accompany Estimate for Asphalting Verandah & Reboarding floors of Military Buildings at West Hills Calicut.

Amount of Estimate Rupees. 6075—0—0

The whole of the plan Rings having been taken out, the ground below the plan Rs to be excavated for the several depths shewn in the estimate, the earth removed and left open. Masonry walls 9 inches thick to be then constructed all along contiguous to the existing walls of the Buildings, + 10 feet apart from centre to Centre and to have Wall plates placed at top in chunam.

The sound joists and plan Rs selected from the existing woodwork to be put up with new timber the joists to be laid 2 feet apart from centre to centre and the plan Rs laid over. The new timber to be of well seasoned Teak or Harmonadu wood & free from cracks and flaws.

Iron grated ventilators each (12"×9") to be put up in the basement of the walls for the circulation of the air beneath the boards to keep the wood-work from rot and decay.

The floor of all verandahs to be picked here and there well watered levelled and tamped over which a coat of concrete made of one of Chunam 2 of sand and 3 of laterite jelly to be laid over and over this a coat of asphalte consisting of equal parts of asphalte and sand ¾ inch thick.

At the completion of work all rubbish &c thrown round the buildings to be removed and the ground left clean.

To

The District Engineer
Malabar.

Sir,

As requested in your endorsement No. 281 dated 1st September 1874 on Chief Engineer's Memo: No. 667 dated 28th August 1874. I beg to report that the extensive repairs to the floor of the Military Buildings at Calicut and Mallia-=puram is required for the following reasons.

The joists under the Planking have been laid on Laterite stones and the space between filled in with Earth. there is no ventilation, dry rot and decay has been the consequence together with the ravages of white ants. the joists are continually giving away and the Planking is much worn and requires constant repairs.

[Margin note:] ... hospital Do. 1858/59 — 9-9-64 making additions & alterations to the West Hill Barracks at Calicut [illegible] Rs 9463-14-4 for wooden flooring. 1867/68 Est. Rs 7716 not ... was provided. The original flooring of the Barracks at Calicut appears to have been laid down in 1857/58 the cost cannot be ascertained in the Records of the Range office altho' every search and enquiry has been made.

2. From the details given in the margin you will see that it is many years since the original boarding has been laid down. at Mallapuram es= =pecially the boarding is in a very bad state & the officer commanding is continually enquiring when the work will be carried out.

3. The flooring of the Verandahs of the Buildings is of Salette and is now much worn. Asphalting is much required.

Yours &c.

Sir,

With reference to your Memorandum No 664 dated 28th August last, I have the honor to forward herewith copy of letter No 364 dated 24th October last from the Superintendent in charge of the Calicut Range explaining the circumstances under which the estimate repairs estimated for are required to the Military Buildings at Calicut and Mallisseriam.

2. The letter also gives the details on which the original Estimate was based and therefore with the above explanation I have been so extensive this year owing to the heavy monsoon that I shall not be able to effect as much as Rs 10,000 out of the allotment of Rs 15,000 for which Rs 15,383 are the repairs of Military Buildings as per margin

I have &c
