"PARA. 3.—In connection with this question, I am to say that the large increase in the grant for repairs to Military buildings has attracted the attention of the Government of India, and that it has been considered desirable that the means should be afforded of readily ascertaining the heads under which the increase falls. In this view I am to ask that the Schedule for Repairs, Military, accompanying the Budget Estimate, as well as the Appropriation Account, may for the future be prepared under the following heads :—

I.—Compensation or rent for quarters.
II.—Rent of buildings for accommodation of troops.
III.—Repairs to Cantonment roads.
IV.—Repairs to roads leading to Chukrata, Raneekhet and Dalhousie.
V.—Repairs to buildings.

Under each of these heads the amounts required for each station and division should be shown separately as at present, a total being made for each head. Separate orders will be issued in respect to the further detail to be given under Repairs of Buildings.

No. 431. ORDER THEREON, 24th November 1874, No. 3,324.
