Proceedings of the Madras Government, Public Works Department,
25th November 1874.

Read the following letters:—

No. 438. From Lieutenant-Colonel R. A. ROBERTS, R.E., Superintending Engineer, Tanjore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Tanjore, 22nd October 1874, No. 1,568.

With reference to the accompanying list of disallowances from the Controller of Public Works Accounts, No. 595, dated 8th October 1874, I have the honor to report that on the occurrence* of a vacancy for a Draughtsman in the Coleroon Survey Office, by the nomination of Moothoosawmy Pillay as Taluq Overseer, I have appointed a Mr. Martin, a passed candidate for a 3rd Class Surveyor, as Acting Draughtsman in the above-named office.

* *Vide* letter No. 1,085. 19th September, printed with G. O., No. 2,909, 12th October 1874.

2. Out of three passed* candidates who have applied for the Draughtsman's place in question, and whose respective capabilities were carefully tested, Mr. Martin was selected as the best fitted, and he was accordingly appointed to act in the post in question.

* Two for Surveyors and one for Taluq Overseer.

3. As Mr. Martin thoroughly understands estimate-making, and as he is, moreover, a very neat Draughtsman, and as he possesses therefore the qualifications requisite for a Draughtsman and Estimate-maker, I beg that the Government will be pleased to authorize the Controller to pass Mr. Martin's full pay, viz., Rupees 40, as Draughtsman in the Coleroon Survey Office.

No. 438A. From Lieutenant-Colonel H. T. ROGERS, R.E., Principal of the Civil Engineering College, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Chepauk, 2nd November 1874, No. 460-C.

In reply to your memorandum No. 848, of the 30th ultimo, I have the honor to inform you that neither a 3rd class nor any other class of Surveyor's certificate should, in my opinion, qualify for any post of Draughtsman and Estimator, inasmuch as the course of study for a Surveyor is widely different from that of a Draughtsman, and is not calculated to give the kind of proficiency required from the latter.

No. 439. Order thereon, 25th November 1874, No. 3,328.

ESTABLISHMENT, No. 22.

The opinion of the Principal of the Civil Engineering College will be communicated to the Superintending Engineer in charge of Tanjore District, who will apply to Lieutenant-Colonel Rogers
