~~B.P. No.~~ 4564-66		~~Mis.~~
Dated	25.11.1874	195 .

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
25th November 1874.

Read the following:—

No. 444. From the President, Municipal Commission, Madras, through the Chief Secretary to Government, dated 13th October 1874, No. 956-1,983.

No. 445. From the District Engineer, Presidency, dated 22nd October 1874, No. 4,204.

No. 446. ORDER THEREON, 25th November 1874, No. 3,331.

CIVIL WORKS, No. 32.

His Excellency the Governor in Council sanctions from the additional grant made available in Financial Order No. 1,856, dated 30th October 1874, an allotment of Rupees 7,200 to pay for the water-supply to Government House. The District Engineer, Presidency, is authorized to liquidate the bill of the Municipality for this work as well as for the supply to the Lock Hospital. The sum of Rupees 70 required for the latter can be paid in anticipation of savings.

2. The General Hospital supply will stand over for the present.

(True Extract.)

To,

The Chief Engineer, and
Secretary to Government
Bpy.

Sir,

In reply to your Memo. No. 804 of 20 Oct. 74
I have the honor to report that on the 16 Septr.
1874 I met by appointment the Foreman of the
Red Hills Water Works and examined in his
company every tap in the place, had the water
turned on and tested all. One pipe was leaky
and I therefore deferred taking charge until it
was rectified.

2. Again on the 24 Sept. 74 I met the Foreman
finding all correct I took charge and handed
~~them~~ over charge to the Butler at Govt House,
after satisfying myself that he understood the
regulations of the water service.

3. I personally tested all the taps & saw
that no pipes were leaky.

I have the honor to be
Sir,
Your most obedient servant.

Sir,

I have the honour to enclose copies of letters which have passed between the District Engineer Presidency and myself on the subject of payment for certain works executed for Government by the Executive Engineer to the Municipality, and to request that you will be good enough to move the Right Honourable the Governor in Council to pass the necessary order authorising the allotment of funds to pay for the same.

(6 Enclosures)

2. The works in question were sanctioned by Government Orders on the Proceedings of Government Public Works Department of the

the 15th June 1874 No. 1579. those connected with the Government Stores and the Lock Hospital have been completed for some time past, but those for the supply of the General Hospital will not be taken in hand until Government have passed orders on the report called for in Government Order No. 2006 of the 24th July 1874.

Sir,

I am directed in reply to your letter No 3614 dated 16th Instant to request that you will submit your proposal for modifying the sanctioned arrangements for water supply to the General Hospital in due form with detailed plans and explanation. It will be necessary to show

shew in figures, the extra work entailed on the Engine by the change of position of the reservoirs and the surplus engine power available to meet it, the probable difference of cost due to the change of position, when replacing the engine power by cooly labor, and the cost and effectiveness of the change in the arrangement of piping described in paras 3 and 4 of your letter under reply.

A letter from Mr Peter Orr is forwarded for your consideration.
