Proceedings of the Madras Government, Public Works Department, 15th December 1874.

No. 311. Read the following Proceedings of the Board of Revenue, dated 7th November 1874, No. 3,201 :—

Read the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Tavalam, 5th October 1874, No. 229.

WITH reference to the foot-note of the Board, No. 8,739, dated 20th December 1873, to G. O., No. 3,029, dated 16th December 1873, I have the honor to state that at the Jummahbundy the ryots were found to have taken a considerable quantity of water belonging to the Irrigation and Canal Company without having previously applied for it, and consequently a penalty of a double charge for water was inflicted; it being necessary to protect the interests of the Company against the practice of obtaining water surreptitiously and free of charge. The ryots had been repeatedly warned against committing such irregularities, but without effect. Subsequently, it was discovered that, in some instances, there had been no intention on the part of the ryots to evade payment of the water-rate. They had applied for water direct to the Canal Company's officers unknown to the Tahsildar and village officials. The application made to the Canal officers was lost sight of, and at Jummahbundy nothing was known of it. The application was afterwards found, and, though it had been irregularly made without the knowledge of Government officers, the penalty was remitted.

2. There have been difficulties regarding these applications for water. Rules which have been recently made on the subject will, I hope, tend to obviate these difficulties.

SUBMITTED to Government with reference to G. O., dated 16th December 1873, No. 3,029, Public Works Department.

IRRIGATION, No. 19.

RECORDED. The Government remark that the great delay which has been allowed to occur in furnishing the information called for in December 1873, makes it of little value.
