Proceedings of the Madras Government, Public Works Department, 19th December 1874.

No. 400. Read the following endorsement of the Chief Engineer for Irrigation, dated Camp at Cochin, 24th November 1874, No. 39 :—

From J. H. LATHAM, Esq., Chief Engineer and Manager of the Madras Irrigation and Canal Company, to Lieutenant-Colonel J. MULLINS, R.E, Chief Engineer for Irrigation and Joint Secretary to Government, dated Kurnool, 11th November 1874, No. 134.

Pennair Division damages.

I HAVE the honor to ask the sanction of Government for the expenditure of Rupees 3,500 on unforeseen repairs* of the Pennair Division caused by an extraordinary flood on the 26th ultimo.

	Rs.
* Canal Banks, 10th Section, east and west	2,000
Anicut coping, etc.	1,500
Total ...	3,500

2. The amount is covered by the Budget allotment of 1874-75.

3. These are rough estimates, but Mr. Dodson believes they more than cover everything. He assumes, for instance, all the anicut coping to be removed; and of this he is not sure. No money however will be needlessly spent; all other damage caused by the storm will be repaired by ordinary staff and funds.

SUBMITTED for the consideration of Government, with a recommendation that the required supplemental sanction for repairs to the extent of Rupees 3,500 be given. The flood, as the Government are aware, was an unusually heavy one, and it is satisfactory to find that the damage done is comparatively slight. The Budget provision for repairs in the 7th to 10th Sections is Rupees 10,000.

(Signed) JOHN MULLINS, Lieut.-Colonel, R.E.,
Chief Engineer for Irrigation.

No. 401. ORDER THEREON, 19th December 1874, No. 3,574.

IRRIGATION, No. 25.

SANCTION is given for an increase of Rupees 3,500 to the Budget grant of Rupees 10,000 for the repairs of the 7th to 10th Sections of the Madras Irrigation and Canal Company's Main Canal, to meet the cost of repairing the damage caused by the flood of October last to the Pennair Anicut and the 10th Section.
