No. 374. Read the following endorsement of the Controller of Public Works Accounts, dated Fort St. George, 2nd April 1875, No. 45:—

From G. R. LEGGATT, Esq., C.E., Executive Engineer, Chicacole Range, to Major H. SMALLEY, R.E., Officiating District Engineer, Ganjam, dated Chicacole, 16th March 1875, No. 380.

In reference to the accompanying disallowance list received from the Controller of Public Works Accounts, I have the honor to inform you that in G. O., No. 373, dated 14th February 1874, it was laid down that one-fourth of my salary was to be passed to me for the time I was engaged in submitting completion certificates for certain works in the Madura District in excess of the three months' privilege leave granted to me, but as I completed the work required of me long before the expiration of my leave, as reported in my letter to the Chief Engineer, and in consideration of my having been removed to the Ganjam District while on leave, and that I joined by the most expeditious route, I beg you will submit my case to Government with a view that the Controller be directed to pass my salary for the six days I was in joining Berhampore after the expiration of my leave.

2. I was informed by Messrs. Binny and Co., the Agents for the coasting steamers, that the first steamer in April 1874 would leave Madras on the 5th of that month. I accordingly arrived in Madras on the 31st March, but the steamer was delayed, and did not leave till the 11th.

3. I have been put to considerable expense joining Berhampore from Madura, and three months after having had to move to this. I therefore most earnestly trust that Government will be pleased to view my case with consideration.
