*Proceedings of the Madras Government, Public Works Department,
16th April 1875.*

No. 430. Read the following letter from Colonel E. A. FOORD, R.E., Superintending Engineer, Bellary, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Gadiganne, 5th March 1875, No. 1,932 :—

WITH reference to G. O., No. 71, dated 10th July 1871, calling for surveys of lands near Railway stations, I have the honor to report that the surveys of four Railway stations in this district have been finished, but the surveys having been made with a compass cannot be depended on. Neither can the Overseer know the boundaries accurately nor be responsible for the correctness of the classification.

2. I have ascertained from the Deputy Superintendent of Revenue Survey at Bellary that the lands surrounding the Railway stations are being surveyed by his department. As these surveys will be printed soon after they are finished, I request sanction to discontinue the preparation of the surveys in question by this department, and to omit the reference from the list of unanswered letters.

No. 431. ORDER THEREON, 16th April 1875, No. 1,067.

RAILWAY, No. 53.

UNDER the circumstances explained by the District Engineer, Bellary, the surveys of the remaining Railway stations in the district may be discontinued and the order quoted omitted from the list of unanswered references.

2. The surveys do not appear to have been made on a sufficiently accurate system to be of value for demarcation purposes, but they will probably be useful for those connected with conservancy and sanitation. They should be handed over to the Revenue Survey Department, which it seems will shortly be in a position to furnish detailed plans of the stations.

3. It is ascertained that the expenditure has amounted to Rupees 174-8-4, which sum is debitable to the head "Land for Railways." All information relative to past expenditure should be reported when applications of this nature are made to Government.

(True Extract.)

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government.

To the Superintending Engineer, Bellary.
.. Superintendent of Revenue Survey.
