

*Proceedings of the Madras Government, Public Works Department,
21st April 1875.*

No. 545. Read the following Proceedings of the Court of Wards, dated 10th April 1875, No. 879 :—

Read the following Proceedings of the Madras Government, dated 23rd February 1875, No. 515, Public Works Department.

ABSTRACT.—*Purla Kimedy Estate, Ganjam.*—Proceedings of the Court of Wards forwarding extract relating to Public Works in the Kimedy Estate, and requesting the Accountant-General, in communication with the Collector, to place at the disposal of the Public Works Department the total provision on account of the works as revised by the Court from the funds of the estate, communicated to the District Engineer, the Controller of Public Works Accounts, and to the Chief Engineer for Irrigation; and the Court of Wards requested to expedite disposal of the Budget of 1875-76.

COMMUNICATED to the Collector of Ganjam.

2. The budgets of estates under the Court of Wards are for the fasli year, but as the Public Works in Purla Kimedy have been placed under the Department of Public Works, the accounts of which are kept for the official year, the Court think it desirable that the estimate of Public Works in this estate should also be for the official year. The Collector will, therefore, be requested to submit his budget for Public Works for 1875-76 at an early date. Under all other heads, the budget should continue to be framed for the fasli year.

3. To make the budget for the fasli year complete however, the sums likely to be spent within the year on Public Works should be shown without the details for the purpose of comparing the total expenditure with the receipts and calculating the probable balance at the end of the fasli.

4. The annual reports should, of course, show the expenditure actually incurred within the year under all heads, Public Works included.
