The Controller of Public Works Accounts, Madras, having asked the Accountant-General, Public Works Department, whether expenditure incurred by Public Works Officers on Salt Works should be debited to the Salt Department or to the Provincial Public Works Grants, I am directed to state that if the works are such as, under the existing rules, require professional supervision by Public Works Officers, they should be constructed by the Public Works Department, and their cost adjusted as expenditure of that department. Any requisite addition to the Provincial assignment for meeting this adjustment will be allowed as to the past. For the future, all such charges will be treated as Imperial Public Works charges under orders which will be issued hereafter.
