No 167 District Engineers' Office
Madurai 13 April 1875.

From
Lieut Colonel J. Fisher R.E.
District Engineer, Madurai

To
Colonel G. W. Walker R.E.
Secretary to Government

Sir,
With reference to the letter of the 10 instant, No 203, I have the honor to report that I made the arrangement therein complained of in order to carry out the orders sent to me in the Memo of 8 March 1875, No 266, to adjust these Workshops bills before the close of the official year and to avoid any postponement of the matter as much as possible to another official year which appears to be the point ~~arrived~~ ^{aimed}

at the 20 of the 23 July 1874.
No 1994 referred to by the Controller
for I presume the Government
did expecting officers to work up
Budget allotments as much as
possible do not mean to deprive
District Engineers of the power
to make transfers at the close
of the year, duly reporting the
same to the proper authority - if
this discretion were taken away
and orders have to be waited
for in each case large sums must
lapse as at matter of reference
is seldom disposed of under
2 months.

I have the honor to be

your most obedt servant

Wm. T. Tucker Esq. J. W. R. R.
District Engineer,

Pro of the Madras Government
Read the following
from the Dist. Eng. Madras (H.L. No. 1713 of 13 April 75)
G.O. No. 1209 of 30 April 75.

Communicated by the
Controller of P. N. Accounts.

Whatever transfers it
may have been necessary
for the District Engineer
to make in anticipation
of sanction in obedience
to such an Order as that of
the Chief Engineer's Memorandum
No 266 of 8 March 1875,
he should have been careful
that the actual outlay was debited to the
exact head under which
it was incurred.
