With reference to paragraph 5 of G. O., No. 654, of 6th March 1875, I have the honor to submit, herewith, an original statement received from the Collector showing the outlay incurred against the grants for new works and repairs provided in the Provincial Budgets of 1871-72, 1872-73, 1873-74, 1874-75.

1 Copy of letter, No. 52, of 14th April 1875, from District Engineer to Collector.
1 Copy of letter, No. 638, of 15th April 1875, from Collector to District Engineer.
1 Statement.
3 Bills.

2. I beg to enclose copies of correspondence that has passed between me and the Collector regarding the above, from which it will be seen that that officer is unable to show the exact distribution of the outlay under each of the lines of road as required by the Government Order.

From Major J. W. HINDLE, Officiating District Engineer, Vizagapatam, to H. GOODRICH, Esq., Acting Collector of Vizagapatam, dated Waltair, 14th April 1875, No. 52.

With reference to your letter, No. 574, of 8th April 1875, I have the honor to inform you that in the statement therewith furnished, the outlay incurred on the roads numbered I., II., III., and IV. under "New Works," was shown in lump sum, but was not distributed under each road as required by the form forwarded to you with my letter, No. 2,470, of 24th March 1875. The statement is herewith returned in view to a fresh one being transmitted to me with the required information.

2. The items which are stated to have no connection with road works and have been debited to the grants of the roads should also be shown separately in the statement.

3. The three bills received with your letter are herewith returned, as the details therein contained are not required by Government.

From H. GOODRICH, Esq., Acting Collector of Vizagapatam, to Major J. W. HINDLE, Officiating District Engineer, Vizagapatam, dated Camp at Kondakirila, 15th April 1875, No. 638.

In reply to your letter,* No. 52, dated 14th instant, I have the honor to observe that it is impossible for me to furnish the account as required.

* Three bills and two statements herewith returned.

2. The bills themselves show how the Budget allotments have been distributed, and that several of the works or roads in the bills have no place in the Budget.

3. The Budget grants have always been used in the hill tracts as a fund from which the most emergent works and those most easily practicable at the time might be carried out by the Agent and his Assistants. These bills, as I have already stated, have been passed by the Controller.
