No. 207. Read the following Proceedings of the Board of Revenue, dated 3rd April 1875, No. 809 :—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Bhimaveram, 8th February 1875, No. 61 :—

I HAVE the honor to state that the Officer in charge of No. 3 Range requests that the 4 acres 31 cents of land referred to in the annexed statement may be made over to the Department of Public Works for the excavation of an Irrigation channel from Ellore Canal for the supply of water to the lands of Pulla in the Ellore Taluq. The owners of the land, with one exception, refuse to give up their lands. Translations of the written statements given by them are sent herewith. They object to the making over of the land chiefly on the ground that the lands for irrigating which the proposed canal is intended are irrigated by other means. I do not consider their objection of any force. The Range Officer wants the land, and he has marked out the line. I therefore request that the sanction of the Government may be obtained for the acquisition of 3 acres 97 cents under the Land Acquisition Act.

2. A draft of the Notification to be published by Government under Section 6 of the Act is herewith sent.

3. I beg to forward, herewith, a compensation statement for the 34 cents of land, the owner of which has agreed to give it up, and to request sanction for the payment of Rupees 2-8-0 to the land-owner.

ENCLOSURES Nos. 1 and 2.—Statements.

ENCLOSURE No. 3.—Notification.

ENCLOSURE No. 4.—Translations of written statements given by land-owners.

THE Board observe that some of the owners of the lands object to relinquish them on the ground that the remaining portions of the fields will not be capable of irrigation for the future. This objection which is not noticed by the Collector should be inquired into and reported on before application for the enforcement of the Act can be made to Government. If damage of this kind is caused, either the whole field should be taken up, or adequate compensation given.

2. The sanction of Government is requested for the compensation of Rupees 2-8-0 settled by the Collector for 34 cents taken up with the consent of the owner, for which statement is submitted. The amount should be met from the source suggested.

3. The Board observe from some of the ryots' statements that the work appears to have been already commenced.
