No. 116.

No. 1,275.

FROM

COLONEL G. W. WALKER, R.E.,
Secretary to the Government of Madras,
Public Works Department,

TO

THE CHIEF COMMISSIONER, CENTRAL PROVINCES.

CIVIL WORKS, No. 9.

SIR,—In your Secretary's letter, No. 4,158, of 7th August 1873, you were stated to be quite alive to the advantage of perfecting the communication between Raepore and the Coast, and that work would be undertaken as soon as funds become available on the line of communication to Jeypore leading towards the new Potinghy Ghaut and Vizagapatam District.

2. I am now directed by the Honorable the Governor in Council to commend to your attention another line of communication to the coast of Ganjam, which is also considered by the Madras Government to be very important as a salt road. It is one which running through Patna and Mohungiri shall meet at the Kalahundy and Chinna Kimedy frontier the system of roads now being opened up through the Ganjam Maliahs down to the Coast.

3. The Honorable the Governor in Council will be very glad to hear that it may be in your power at no distant period to co-operate effectually in opening up these communications so necessary to the welfare of the country in every point of view.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed) G. W. WALKER, Colonel, R.E.,

Secretary to Government.

No. 217. Read the following Proceedings of the Board of Revenue, dated 5th February 1875, No. 266 :—

Read the following letter from R. DAVIDSON, Esq., Acting Collector of Ganjam, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Berhampore, 6th November 1874, No. 2,408.

ADVERTING to paragraph 5 of the Board's Proceedings of the 26th August last, No. 2,382, I have the honor to submit a sketch map showing the lines of road which Captain Smith and I think should be constructed in order to improve the salt traffic of this district.

2. These roads should, I think, be prosecuted to completion within our limits with as little delay as possible ; and it would be a great matter if the Bengal Government could be induced to continue on the Kalingia and Tentiligada road from our border to Sumbulpore, through Boad—*Vide* Clause (G) paragraph 7 of my letter, dated 7th July 1874, S No. 321, recorded in the Board's Proceedings above quoted.

3. The other recommendations made for the Board's consideration were as follows :—

(1). Substitution of a simple and uniform pass for all salt purchased at the pans in supersession of all other permissive documents which have hitherto been in vogue.

This has already been recommended by the Board, in their Proceedings above quoted. The decision of this matter will, however, depend upon the rules which will be finally passed by the Government of India, with reference to their Secretary's letter, dated 28th August 1874, No. 242, recorded in G. O., dated 10th September 1874, No. 1,158, communicated with Board's Proceedings of the 6th ultimo, No.—.

(2). Completion of the Chilka Canal.

This matter is now before Government—*Vide* Board's Proceedings of the 24th July 1874, No. 1,944.

(3). Early erection of a bridge over the Korokori river on the road from Ganjam to Aska *via* Purushottampur.

I have already addressed the Board on the advisability of obtaining and throwing a girder bridge across this river, to save further loss of time, and remove an existing serious impediment to salt traffic—*Vide* my letter, No. 2,022, dated 2nd ultimo.

(4). Bridging of Vamsadhara river at Kommanapilly on the road from Jarjangi (on the trunk road near Nowpadah) to Jagannadhapur (on the road from Chicacole to Palconda, in the Vizagapatam District) ; and of Nangulia at Nagore, (on the road from Chicacole to Palconda).

It is almost out of the question to expect the Local Fund Boards to undertake these extensive works with the limited funds at their command, and I am not disposed to recommend their construction from the Imperial Funds in the face of the opinion which the Board have expressed in their Proceedings of the 13th ultimo.

(5). Opening new salt pans at Mafuzbunder, near Chicacole.
