*Proceedings of the Madras Government, Public Works Department,
20th May 1875.*

No. 375. Read the following endorsement of the Chief Engineer for Irrigation,
dated 14th May 1875 —

From Major J BEATTY, R E, District Engineer, Godavery, to Lieutenant-Colonel
J MULLINS, R E, Chief Engineer for Irrigation and Joint Secretary to
Government, dated Dowlaishweram, 6th May 1875, No 430

I HAVE the honor to correct an omission in the Administration Report of Agricultural
Works for 1874-75 submitted on the 26th ultimo.

2 The original allotments to the Eastern and Western Deltas under Extra-
ordinary were Rupees 1,59,300 and Rupees 1,87,437. These allotments were afterwards
revised, that of the Eastern Delta was reduced to Rupees 1,49,300; and that of the
Western Delta to Rupees 1,61,000

3 Subsequently, at the close of February, I found that Captain Brockman was
doubtful whether his outlay would come up to the limit fixed, while Lieutenant
Dorward was able to make advantageously a larger expenditure than had been
anticipated I, therefore, authorized Lieutenant Dorward to exceed his revised allotment
by 5,000 Rupees, if necessary.

4 The result was that Captain Brockman spent Rupees 1,44,300 and Lieutenant
Dorward Rupees 1,64,962, making a total of Rupees 3,09,262, or Rupees 1,038 less
than the revised allotment of the district under "Extraordinary." By oversight this
was not reported sooner.

SUBMITTED to Government with reference to G O, No. 859-D, dated 31st
March 1875.

(Signed) JOHN MULLINS, Lieut -Colonel, R E,
Chief Engineer for Irrigation.
