*Proceedings of the Madras Government, Public Works Department,
18th January 1875.*

Read the following letters:—

No. 296. From Colonel F. J. MOBERLY, R E, Superintending Engineer, Chingleput, to Colonel G W. WALKER, R E, Secretary to Government, Public Works Department, dated Guindy, 16th September 1874, No 2,083.

I HAVE the honor to observe that when I wrote my No 1,763, of 18th August 1874, on which G. O, No. 2,483, of 2nd September 1874 was passed, I thought it very probable that changes would occur which would enable me to appoint G. Krishna Row to the head clerkship of my office.

2. I would now beg that the Government would allow the arrangement proposed* by Colonel Foord to be carried out here instead of in the Kistna District, so as to save Krishna Row the journey there for an uncertain period.

3 I had always intended to place him at the head of the office, though his nominal pay was less than that of others It will be very simple to reduce two or three members of the office in succession, giving them the difference of salary as personal allowance, if Government prefer the arrangement being made throughout

4 Krishna Row is in Madras, and from it can reach any suitable appointment that may fall vacant far more easily than he could from Bezwarah.

No 296A. From the same Officer, dated Guindy, 18th December 1874, No 3,354.

REFERRING to my No 2,083, of 16th September 1874, I have the honor to report that the head clerk of my office has been posted to a vacancy for one year in the office of the District Engineer, Presidency, and that I have in consequence appointed G Krishna Row, late Manager, Inspecting Engineer's Office, Ports and Communications, to act as head clerk in my office on full salary.

No 297. ORDER THEREON, 18th January 1875, No. 140.

ESTABLISHMENT, No. 17.

THE arrangements reported in this letter, and in No 2,083, of 16th September, from the Superintending Engineer, Chingleput, are approved, pending the occurrence of a permanent vacancy in any District Engineer's Office.
