B.P. No.		Mis.
		2875
Dated	25 - 5 -	195

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
25th May 1875.*

No 427. Read the following letter from Major J BEATTY, R E, District Engineer, Godavery, to Colonel G. W WALKER, R E, Secretary to Government, Public Works Department, dated Dowlaishweram, 8th May 1875, No 474.—

With reference to the Orders of Government, Nos 1,013 and 1,079, of 14th April 1875 and 17th April 1875, respectively, by which it seems to be the intention of Government that Mr. Weedon should be relieved of charge of the Dumagudiem Range at an early date, I have the honor to suggest that Mr. Vanstavern may be directed to proceed to Dumagudiem and relieve Mr. Weedon as soon as this season's coal-boring operations come to an end

1 Statement

2. Mr. Vanstavern will probably leave Beddaavole early in next month, and having stored his tools and plant at Dowlaishweram would be able to start for Dumagudiem about 15th proximo.

3 His Assistant, Mr Moore, should go with Mr Vanstavern as a subordinate is wanted on the Dumagudiem works. At present Mr. Weedon is the only member of the department on the spot, and, though the expenditure is not great, it seems to me expedient there should be a subordinate to assist or relieve him in case of any emergency

4 Until recently there was a Supervisor in addition to the Executive Engineer, but the last Supervisor, Mr. Ramsden, was removed a few months since.

5 For convenience of reference, I annex a statement showing how my establishment is employed at present and the changes proposed at the close of the present working season.

Statement of the District Establishment as it stands during the present working season and when re-arranged under the instructions conveyed in G O, No 560, of 26th February 1875

Madras

Sir,

With reference to the orders of
Government Nos 1013 and 1049 of 14th April 75
and 17th April 1875 respectively, by which it seems
to be the intention of Government that Mr.
Weedon should be relieved of charge of the
Dumagudem Range at an early date, I have
the honor to suggest that Mr. Vanstaveren may
be directed to proceed to Dumagudem and
relieve Mr. Weedon as soon as this season's
coal boring operations come to an end.

2. Mr. Vanstaveren will probably
leave Beddadanole early in next month
and having stored his tools and plant at
Dowlaisheram would be able to start for
Dumagudem about 15th proximo.

3 His assistant, Mr. Moore, should go with Mr. Vanstaverin as a subordinate is wanted on the Dumaguete works. at present Mr. Wedow is the only member of the Department on the spot and, though the expenditure is not great, it seems to me expedient there should be a subordinate to assist or relieve him in case of any emergency.

4 Until recently there was a Supervisor, in addition to the Executive Engineer, but the last Supervisor, Mr. Rameden, was removed a few months since.

5 For convenience of reference I annex a statement showing how any establishment is employed at present and the changes proposed at the close of the present working season.

I have the honor to be

Sir

Your most obedient servant
