(No. 26 of 1875-76.)

Specification to accompany a plan and estimate for the conversion of one of the wards of the General Hospital into an Operating Theatre.

Amount of estimate Rs 725

The sky lights had to be removed from the old Operating Theatre to admit of the Nurses' Quarters being built. This has rendered the Theatre useless as an operating room, hence the necessity for another.

At present there is an opening 18 feet wide at the end of the ward which looks out on the verandah. In this opening it is proposed to put 3 windows in one frame, as shown in the plan; the interior of the frame to be painted white, and the exterior green.

There are to be two sky lights each $4\frac{1}{4} \times 5$ of teakwood and glazed.

The seats in the old Operating Theatre will be altered to fit the new one.

All dimensions will be found in the plan and estimate.
