thought it better to place himself
under medical treatment for
a time and recruit his health
properly before submitting his
appeal, he has accordingly put
himself under the treatment of
Dr. Curran M. D. and now feels
himself thoroughly restored to his
health and fit to return to his

of the District, the Surgeon
has therefore no opportunity
of testing your humble
Petitioner's Qualifications and
experience as well as his character
in the discharge of his duties and
that that Surgeon has
reported as presumed the wrong
misrepresentations made to him
against your Petitioner. He is
sure that your goodness will be
convinced that he did not merit
such an unfavorable report
from Colonel Roberts on referring

From the Superintendant

I do not consider that this
order disposes satisfactorily of
the case. The man obtained
leave under the rules. The
doubt of his recovering his health
induced his superior officer to
direct that he should take
pension - but he is certified
to be fit for duty. I would
let him return & let him
be reported upon - if unfit
he must be reduced - or made

an opinion of his fitness. Col. Roberts
had not time to form an opinion. All

Major Hasted's opinion of Soondararajulu is given, with reference to the Hon^{ble} Mr. Ellis' remarks, in the following words.

Up to December 1872, Soondararajulu has performed his duties as manager very satisfactorily, and it seems that ill health was the only reason for his failing to give satisfaction to Colonel Roberts, and that he should have been compelled to take sick leave earlier than he did - Under these circumstances it seems hard that he should lose the personal allowance to which he is entitled under S.O. No 164 of 9th Feb^y 1873.
