*Proceedings of the Madras Government, Public Works Department,
3rd June 1875.*

No. 91. Read the following letter from Major C. H. LUARD, R.E., Officiating Under Secretary to the Government of India, Public Works Department, (Railway,) to Colonel G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, (Railway,) dated Simla, 13th May 1875, No. 1,206 R. :—

I AM directed to acknowledge the receipt of your communication, No. 922, dated 7th April 1875, forwarding plans showing the proposed station arrangements at Madras for the South Indian Railway.

2. It is proposed that the terminal passenger station of the South Indian Railway shall be close to the Central Station of the Madras Railway, and that the goods station of the South Indian Railway shall be at Egmore, and that there should be a connecting link between the latter and the Salt Cotaurs goods station of the Madras Railway.

3. The Government of India, with the information at present in their possession, see no necessity for either a separate goods or passenger station for the South Indian Railway. They are of opinion that the goods traffic should be worked from the Salt Cotaurs, where there is ample space for both the Madras and South Indian Railway Company to work, each their own traffic separately, and at the same time to make the best and most economical arrangements for the transfer of through goods.

4. And as regards the separate passenger station proposed, the Government of India consider that, with a few additions and alterations, the central station of the Madras Railway should certainly also answer for the South Indian Railway.

5. I am therefore directed to invite the Government of Madras to reconsider the matter in connection with these remarks, and to say that arrangements for the construction of the stations on the proposals submitted should not be matured until the Government of India have passed further orders.

6. The plans and the map are returned for resubmission with your reply.

No. 92. ORDER THEREON, 3rd June 1875, No. 1,566.

RAILWAY, No. 18.

COMMUNICATED to the Consulting Engineer for Railways for such observations as the authorities of the Madras and South

Indian Railways may have to make in connection with the suggestions of the Government of India.

2. It will be observed that the Government of India direct that the terminal station arrangements of the South Indian Railway should not be matured till further orders have been passed. An early reply should therefore be made to this communication, the plans and maps now returned being at the same time resubmitted.

(True Extract.)

(Signed) J. O. HASTED, Major, R.E.,

Offg. Joint Secretary to Government.

To the Consulting Engineer for Railways, with Plans and Map.
