*Proceedings of the Madras Government, Public Works Department,
5th June 1875.*

No. 136. Read the following endorsement of the Controller of Public Works Accounts, dated Fort St. George, 19th May 1875, No. 821:—

From Major J. BEATTY, R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaiswaram, 11th May 1875, No. 518.—Through the Controller of Public Works Accounts.

I HAVE the honor to forward, herewith, a list of the live stock in No. 5 Range which is no longer required, and to request sanction for their sale by public auction, in order that their value may be removed from the range balance return of "Tools and Plant."

2. The Controller of Public Works Accounts, to whom the question of the sale of the above stock was referred,* is doubtful of the limits of the District Engineer's power to sell off "Tools and Plant" under G. O., No. 243, of the 27th January 1875, and suggests the desirability of my having this point definitely settled; I request, therefore, that the limit of the District Engineer's authority in this respect may be more clearly defined.

DOWLAISHWERAM,
11th May 1875.

(Signed) J. BEATTY, Major, R.E.,
District Engineer, Godavery.

From Captain L. CONWAY-GORDON, R.E., Controller of Public Works Accounts, to Major J. BEATTY, R.E., District Engineer, Godavery, dated Madras, 20th April 1875, No. 624.

With regard to the last point, I am of opinion that under G. O., No. 243, of 27th January 1875, your powers of authorizing the sale of Tools and Plant is limited to an aggregate book value of Rupees 500, but I cannot say whether this limit refers to one sale or to one item. As, however, you propose to sell only one item, which amounts to over Rupees 500, the point in this particular instance is not of any importance; but when applying for the sanction of the Chief Engineer for the sale, I think it would be worthwhile to get this point definitely settled.

FORWARDED to Government, with reference to paragraph 2 of G. O., No. 243, of 27th January 1875, with the remark that beyond the alterations of the balance return of Tools and Plant, which alterations will be carried out in due course by this Office, no adjustment is necessary.

(Signed) L. CONWAY-GORDON, Captain, R.E.,
Controller of Public Works Accounts.
