Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
9th June 1875.*

No. 212. Read the following letter from R. E. NORFOR, Esq., Executive Engineer, in charge of the District Engineer's Office, South Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Camp at Cuddalore, 22nd May 1875, No. 46 :—

WITH reference to G. O., No. 59, of 8th May 1875, I have the honor to request the attention of Government to paragraphs 1 and 2 of my letter, No. 11, of 15th April 1875, recorded in G. O., No. 1,242, of 3rd May 1875. The cause of short outlay in the Virdachellum Circle in 1873-74 has been explained in that letter.

2. If the Local Fund Board had, in the preparation of their budgets, adopted the standing rule requiring entry in budgets of only sanctioned works, and if works were selected and estimates called for in time to admit of their being duly sanctioned before the preparation of these budgets, there would not have been so much delay in the execution of works. The range had, moreover, not its full complement of officers in 1873-74.

3. The short outlay in the Cuddalore Circle under Sanitary and Miscellaneous was chiefly due to the plans and estimates for the hospitals at Villapuram and Trickalore, originally sanctioned in July 1873, having been subsequently revised in communication with Local Board and Inspecting Engineer for Buildings, and the revised estimates were not sanctioned till March 1874; an expenditure of Rupees 4,000 only is thus capable of explanation.

No. 213. ORDER THEREON, 9th June 1875, No. 1,628.

CIVIL WORKS, No. 25.

It is observed that the short outlay on Sanitary and Miscellaneous works in the Cuddalore Circle during the year 1873-74 is explained by the fact that the estimates for the hospitals at Villapuram and Trickalore, originally sanctioned in July 1873, were subsequently revised in accordance with G. O., No. 2,082, dated 25th August 1873, and finally received sanction in March 1874.

2. The short outlay on new works in the Virdachellum Circle is stated by the District Engineer to be due to the fact of the Local Fund Boards selecting works and allotting funds in the budget in the first instance, and then calling upon the Department of Public Works for plans and estimates; but, if the District Engineer had considered the requirements of the district beforehand, in communication with the Collector, as he should have done, he would have been in a position, as member of the Local Fund Board, to ensure the formal demand by the Board for estimates being made in time for sanction to have been obtained early in the year.

(True Extract.)

Major, R.E.,

Offg. Joint Secretary to Government.

To the District Engineer, South Arcot.

„ Financial Department.

From The Dist Engr South Arcot
To The Secretary to Government
D. F. W.
Sir

With reference to G. O. No 59 of 8th
May 1875. I have the honor to request the
attention of Govt. to paras 1 and 2 of my let-
ter No. 11 of 15th April 1875 recorded in
G. O. No 1242 of 3rd May 1875. The cause
of short outlay in the Vaidachellum Circle
in 1873-74 has been explained in that letter.

2. If the Local Fund Board had,
in the preparation of their Budgets, adopt-
ed the standing rule requiring entry in
Budgets of only sanctioned works, and if
works were selected and estimates called
for in time to admit of their being duly sanc-
tioned before the preparation of these Bud-
gets, there would not have been so much
delay in the execution of works. The Range
had moreover not its full complement of
Officers in 1873-74.

3. The short outlay in the Buddalur
Circle under sanitary and miscellaneous
was chiefly due to the Plans and estimates
for the Hospitals at Villapuram and Tri-
chalur, originally sanctioned in July 1873.
having been subsequently revised in
communication

G.O. 21 Aug 75
1873 No 2082

Communication with Local Board and
Inspecting Engr for Buildings and the
revised estimates were not sanctioned till
March 1874. an expenditure of 12,000 Rs only
is thus capable of explanation.

I have the honor to be

Sir
