*Proceedings of the Madras Government, Public Works Department,
10th June 1875.*

Read the following letters:—

No. 244. From Major J. BEATTY, R.E., District Engineer, Godavery District, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Camp at Samulcottah, 24th May 1875, No. 630.

With reference to your memorandum, No. 423, of the 19th April 1875, I have the honor to forward, herewith, a Nominal Roll of all the members of the Public Works Establishment taken over with the Upper Godavery Works.

2. Mr. Weedon, the Executive Engineer, who was in charge of the division at the time of transfer, and still continues there, has omitted to state the amount of his pay, but doubtless this is known to the Controller. I shall not, therefore, further delay the submission of this statement.

3. As the establishment maintained appears to me excessive, I purpose submitting a proposal for reducing it as soon as I make an inspection of the works, which I hope to do soon after the navigation of the river is re-opened.

4. The executive charge on the Upper Godavery has hitherto been called the 1st Barrier Division, but I purpose in future naming it the No. VI., or Dumagudiem Range of the Godavery District.

1st BARRIER DIVISION, OR No. VI. RANGE.

District Engineer, Godavery.

Proceedings of the Madras Government, Public Works Department,
10th June 1875.

No. 245. From Major J. BEATTY, R.E., District Engineer, Godavery District, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Dowlaishweram, 25th May 1875, No. 633.

At the request of the Executive Engineer at Dumagudiem I have the honor to forward, for your information, copies of letters addressed by him to the Chief Engineer, Central Provinces, regarding his transfer to some other district.

2. Mr. Executive Engineer F. M. Weedon was the officer in charge of the works there on 1st April, the date of the transfer of the Upper Godavery Works to the Madras Government, and he has continued there, as I should have found it most inconvenient then to send an officer from the Lower Godavery to relieve him, and I have not understood it to be the intention of Government that I should do so.

3. In my letter No. 474, of 8th instant, I requested the favor of your instructions as to how he should be relieved, and I now learn from Mr. Weedon that his transfer to the Rajpootana State Railway has appeared in the *Gazette of India*, but I have not observed any notice of it in the *Fort St. George Gazette*.

No. 246.

ORDER THEREON, 10th June 1875, No. 1,641.

ESTABLISHMENT, No. 7.

THE Government observe that in the statement printed in Proceedings No. 1,427, of the 25th ultimo, the District

Engineer's proposed arrangements for the relief of Mr. Weedon were approved, and Mr. Vanstavern should assume charge of the Dumagudiem Range as early as possible. 2. Mr. Weedon's services not having been accepted, and he having been appointed to other duty under the Government of India, it is unnecessary for this Government to pass any orders on the subject.

3. The nominal roll of establishment maintained at Dumagudiem will be communicated to the Controller, Public Works Accounts, and the District Engineer's proposals in connection with its necessary strength for the future will be awaited.
