*Proceedings of the Madras Government, Public Works Department,
12th June 1875.*

No. 280. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Madura, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Perea-colom, 29th May 1875, No. 729:—

With reference to paragraph 3 of G. O., of the 13th May 1875, No. 1,365, I have the honor to explain that the Imperial Fund Overseer I employed on the water-supply project is a new hand, fresh from the College, and has not had a day's experience in the department; as I had to conduct and direct all the survey and levelling operations myself, owing to the inability of the Range Officer to do so, I took the man with me to put him into the way of working and collecting information for the preparation of estimates which would be of service to him as soon as he was fit to take charge of a taluq. I regret therefore to find the Government consider the course I had adopted was unjustifiable, but I believed it was the best to follow with a new hand and wholly inexperienced.

To

Colonel G W Walker R.E.
Secretary to Government D.R.

Sir,

With reference to para 3 of
L.O. of the 13 May 1875, to 1365, I have
the honor to explain that the Imperial
Fund Revenue I employed on the
Water Supply project is a new hand
fresh from the College and has not
had a days experience in the
Department as I had to conduct
and direct all the survey and
levelling operations myself owing

to the inability of the Range Officer
to do so, I took the man with me
to put him into the way of working
and collecting information for the
preparation of estimates which would
be of service to him as soon as
he was fit to take charge of a Salook
I regret therefore to find the Government
consider the course I had adopted
was unjustifiable but I believed
it was the best to follow with a
new hand and wholly inexperienced.

I have the honor to be
