*Proceedings of the Madras Government, Public Works Department,
14th June 1875.*

No. 298. Read the following letter from Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Camp at Madanapalli, 24th May 1875, No. 440 :—

I HAVE the honor to submit the accompanying copy of my letter, No. 222, dated the 29th April, with its enclosure, addressed to the Controller of Public Works Accounts, and his reply thereon, and to request you will obtain sanction of Government authorizing the Controller of Public Works Accounts to pass a bill for the salary of a temporary Draftsman entertained with the sanction of the Madanapalli Circle Board for the Sub-Divisional Officer, Madanapalli Range, for the preparation of plans and estimates for a period of three months, at Rupees 30 per mensem.

2. In Miscellaneous Proceedings, No. 2,979, dated 14th April, the Board of Revenue express their opinion that the pay of the Draftsman should be charged to the 25 per cent. on the outlay charged to Local Fund for establishment, while the Controller of Public Works Accounts states (*vide* his No. 665, of the 19th instant) that he cannot admit the charge without the special permission of Government.

3. I would take this opportunity of pointing out the great advantage there would be to the Public Service in attaching a Draftsman on Rupees 30 per mensem to each Sub-Divisional Officer, and thus allow of that officer giving more time to his out-door duties.

Copy of a letter from the District Engineer of Cuddapah, to the Controller of Public Works Accounts, Madras, dated 29th April 1875, No. 222.

In forwarding the accompanying copy of Miscellaneous Proceedings, No. 2,979, dated 14th instant, from the Board of Revenue, I have the honor to request you will inform me if a bill, including the salary of temporary Draftsman for three months, from the date of entertainment, is only necessary to enable you to admit the charge being debited to Rupees 9,680, being share of cost of this department supervision, chargeable to the road fund (*vide* Budget for Madanapalli Circle for the current official year).

Proceedings of the Board of Revenue, dated 14th April 1875, Miscellaneous No. 2,979.

Read letter from the President, Local Fund Boards, Cuddapah, dated 16th March 1875, No. 147, requesting sanction for the entertainment of a Draftsman in Madanapalli Circle for only three months, at Rupees 30 per mensem.

THE Board are of opinion that the charge ought not to be laid on Local Funds. It is the business of the Public Works Department to provide for the preparation of plans and estimates from the 25 per cent. on the outlay charged to Local Fund for establishment.

Proceedings of the Madras Government, Public Works Department,
14th June 1875.

Copy of letter from the Controller of Public Works Accounts, Madras, to the District Engineer of Cuddapah, dated 19th May 1875, No. 605.

I HAVE the honor to state that no bill for any special or temporary establishment can be passed by this office without the special sanction of Government for the entertainment of the establishment.

No. 299. ORDER THEREON, 14th June 1875, No. 1,667.

ESTABLISHMENT, No. 13.

THE Controller of Public Works Accounts is authorized to pass the bill for salary of the temporary Draftsman

entertained with the sanction of Madanapalli Local Fund Board.

2. The general question of whether the pay of as many Surveyors, Estimators, and Draftsman, as may be required to prepare the plans and estimates that the different Local Fund Boards may think fit to call for, should be a charge within the 25 per cent. with which Local Funds are debited for establishment, will be referred to the Financial Department. It is observed that in the present instance the District Engineer proposes that a Draftsman shall be attached to each Sub-Divisional Office, estimates (the demand for which may be unlimited) are not prepared as quickly as, in such increase of establishment being considered a charge within the 25 per cent. will Local Fund Boards will be encouraged to call for estimates for works which there is little probability of there being able to commence for some years to come.
