No. 468. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to Lieut.-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Guindy, 26th May 1875, No. 711.

I HAVE the honor to report that in 1874-75 a fire engine was supplied by the General Superintendent of Public Works Stores and Workshops for the Government House at Guindy, and a bill for it, amounting to Rupees 825-13-4, was sent to me for adjustment in March 1875; some delay took place in ascertaining to whom it was delivered, and the official year 1874-75 has passed away. The bill has now been countersigned by me and returned to the General Superintendent of Public Works Workshops, and the duplicate sent to the Controller of Public Works Accounts agreeably to G. O., No. 2,394, dated 4th October 1870. As I have no funds for the adjustment of the charge I request that an allotment may be granted for it under "Tools and Plant."

No. 469. From the same Officer, dated Guindy, 7th June 1875, No. 846.

WITH reference to your memorandum, No. 42, dated 31st ultimo, I have the honor to forward copy of the bill received from the Superintendent of Public Works

Workshops for value of the fire engine supplied for Government House, Guindy, amounting to Rupees 825-13-4, for which an allotment has been applied for in my No. 711, dated 26th ultimo.

2. Another bill, Rupees 514-2-0, for value of fittings for the same engine was sent by the General Superintendent of Workshops direct to the Executive Engineer, Mount Range, in January 1875, and adjusted in the accounts of 1874-75.

No. 470. ORDER THEREON, 23rd June 1875, No. 1,756.
