*Proceedings of the Madras Government, Public Works Department,
23rd June 1875.*

No. 474. Read the following letter from Lieut.-Colonel R. MURRAY, Officiating Director-General of Telegraphs in India, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to the Government of Madras, Public Works Department, dated Simla, 2nd June 1875, No. 333 :—

I HAVE approved of an estimate, amounting to Rupees 1,125, for repairs to the Telegraph Office at Tuticorin. It appears that a sum of Rupees 500 only has been provided for the work in 1875-76.—*Vide* enclosed copy of a letter, No. 95, of the 1st May 1875, from the District Engineer, Tinnevely, to the Superintendent of Telegraphs, Malabar Coast Division, leaving a balance required of Rupees 625.

2. The repairs are considered urgent both by the District Engineer and the Sub-divisional Officer of this department. I have, therefore, the honor to request that the necessary funds may be provided from the grant of Rupees 2,500 in 1875-76 for repairs to telegraph buildings in the Madras Presidency, if the nature and extent of such repairs will admit of reduction, or from other funds for Imperial works at the disposal of the Madras Government.

3. It is not considered advisable to appropriate the amount now needed (Rupees 625) from the above sum of Rupees 2,500 ; it may perhaps be possible to provide the sum from the grant for Rupees 5,000 for Miscellaneous Imperial works and repairs allotted to the Madras Government in India Public Works Department Resolution, No. 774-91 A.—G., dated 18th December 1874.

From J. D. GRANT, Esq., Assistant Engineer, in charge of District Engineer's Office, Tinnevely, to the Superintendent of Telegraphs, Malabar Coast Division, dated Palamcottah, 1st May 1875, No. 95.

I HAVE the honor, in reply to your No. 284, of 27th ultimo, to inform you that the Budget was despatched as usual on the 15th October 1874, up to which date the estimates for the repairs, &c., referred to were not received, and as it is a rule that no work can appear in the Budget except those for which estimates are ready, the ordinary sum, Rupees 500, was entered in the Budget for repairs to telegraph buildings.

2. I regret the inevitable delay in the execution of the work, but I do not think that, under the circumstances, this department can be blamed.

No. 475. ORDER THEREON, 23rd June 1875, No. 1,759.

CIVIL WORKS, No. 53.

From the sum of Rupees 2,303 available for repairs to telegraph buildings, Rupees 1,050 have, in separate orders, been allotted to the Madura District for repairs to the Telegraph Office at Paumben, leaving Rupees 1,253 available for other works. From this balance Rupees 1,125 are now appropriated for repairing the Telegraph Office at Tuticorin.

2. The sum of Rupees 5,000, referred to in paragraph 3 of the Director-General's letter was subsequently disallowed by the Government of India in their Resolution, No. 170 A.—G., dated 15th March 1875.
