*Proceedings of the Madras Government, Public Works Department,
24th June 1875.*

No. 501. Read the following endorsement of the Officiating Chief Engineer, dated Ootacamund, 12th June 1875, No. 29 :—

From J. H. LATHAM, Esq., Chief Engineer and Manager of the Madras Irrigation and Canal Company, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Ootacamund, 5th June 1875.

I HAVE the honor to send by book post the original power of attorney* appointing

* Dated 7th ultimo.

Mr. Dodson and, under certain circumstances, Mr. Wilks to succeed myself and

Mr. Badham in the management. The usual certificates of the Notary Public and Lord Mayor accompany the document.

2. The Board have by this instrument smoothed the way for the after-consideration of the desirability of my return to India, in anticipation of, or rather nearly synchronously with, the wish expressed by the Madras Government in their Order No. 1,189, of 29th April, paragraph 4. I trust, therefore, that the approval of the Madras Government may be speedily obtained, and have the honor to request you to return the original papers as soon as possible for submission to the Bank.

3. I also ask the sanction of Government to the payment to Mr. Dodson, subject to the approval of the Board—for I have not their instructions yet—of Rupees 500 per mensem, which I have drawn during my tenure of the management; the payment to commence from the date of Mr. Dodson's taking charge from me.

SUBMITTED for the consideration of Government.

	RS.
Mr. Dodson's salary as Executive Engineer is	800
Allowance	150
	950
And Mr. Latham suggests that he should receive, while acting as Manager, a deputation allowance of	500
	Making a total of ... 1,450

When the duties of Manager were superadded to those of Chief Engineer, Mr. Latham's salary was raised from Rupees 2,000 to 2,500.

2. It is supposed that Mr. Latham on vacating the Managership will not draw any salary on that account, but only as Chief Engineer under the rules; if so, the arrangements proposed will involve no increase of charge for the first month of Mr. Latham's absence on sick certificate, and a saving of Rupees 1,000 a month thereafter to the end of the six months' leave.

3. The appointment of another Conservancy Engineer will not be necessary, Messrs. Wilks and Crawford being available for the charge of the two Executive Divisions of the canal, and this is the number of officers considered by Government to be sufficient under the present circumstances of the canal.

(Signed) JOHN MULLINS, Lieut.-Col., R.E.,
Offg. Chief Engineer.

ORDER THEREON, 24th June 1875, No. 1,772.

IRRIGATION, No. 45.

Establishment.

SUBJECT to the confirmation of the Board of Directors, and to the adoption by them of the arrangements mentioned in the foregoing endorsement, the Honorable

the Governor in Council approves of the grant to Mr. A. J. Dodson, while officiating as Manager of the Madras Irrigation and Canal Company, of a deputation allowance of Rupees 500 a month in addition to his present salary of Rupees 800, and allowance Rupees 150 a month. This deputation allowance will not be drawn, however, until the Board have duly authorized it, and made the collateral arrangements indicated, or such others as this Government can approve.

2. These Proceedings will be communicated to the Financial Department, and the original power of attorney forwarded by Mr. Latham will be sent to the Secretary and Treasurer, Bank of Madras, as usual.
