No. 524. Read the following letter from T. D. HARRIS, Esq., Officiating District Engineer, Malabar, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Calicut, 12th June 1875, No. 46:—

With reference to G. O., No. 1,493, dated 31st ultimo, I have the honor to inform you that, in anticipation of the grant asked for in my letter embodied in the Government Order above quoted, the amounts of estimates as per enclosed list have only been partly allotted in order to commence with the repairs, and a sum of Rs. 837 is now required to meet these repairs after deducting Rupees 170, which is now at my disposal. As the works are indispensable, I request that Government will be pleased to allow of them being carried out, and allot funds later in the year. There is every probability of the Revenue authorities addressing Government on the subject if these buildings are not repaired in time; in fact it is by the urgent request of those officers that the repairs have been undertaken.

No. 525. ORDER THEREON, 25th June 1875, No. 1,784.

CIVIL WORKS, No. 56-A.

THE District Engineer, Malabar, in common with all other District Engineers, was duly warned in paragraph 2 of G. O.,

No. 735, dated 16th March 1875, not to exceed the allotments under Repairs, Provincial, Buildings, and he was informed that it would not be possible for Government to augment the grants under that head, nothing having been left at the disposal of Government under the head "Reserve."

2. With these forcible and explicit instructions before him, the District Engineer, Malabar, reports that the allotments granted by Government, which were intended to be distributed over works requiring repair during the whole twelve months of 1875-76, have already been appropriated within the first two months, evidently showing that the instructions given in March were unattended to, and evincing great want of forethought on the part of the District Engineer in the distribution of the Budget grant for this particular service.

3. The Honorable the Governor in Council can only reiterate what was said in March, and repeated in G. O., No. 1,493, dated 31st May 1875, viz., that there are no funds at present available and at the disposal of Government for the purpose required.
