*Proceedings of the Madras Government, Public Works Department,
28th June 1875.*

No. 532. Read the following letter from Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Guindy, 9th June 1875, No. 923 :—

I HAVE the honor to submit, for the sanction of Government, a plan and estimate for converting the existing store-shed at Streepermatur into a rest-house and store-shed, amounting to Rupees 280.

2. The old travellers' bungalow at this station was made over to this department as a range office several years ago.

The main building was taken down. Among its out-buildings is a long tiled roof shed which by slight alterations of door-ways, partition wall, &c., can be used as a rest-house for members of the department. Rupees 54-6-0 has been realized by the sale of old materials and credited to "Miscellaneous Revenues." The estimate amounts to Rupees 1,130, but doors and windows of the ruined

building to the value of Rupees 850 can be utilized for this structure. Consequently the net amount requiring the sanction of Government is only Rupees 280.

3. Should the estimate be approved of by Government I solicit an early allotment of funds for it.

No. 533. ORDER THEREON, 28th June 1875, No. 1,787.

CIVIL WORKS, No. 57.

THERE being no funds at the disposal of Government for this work, the Superintending Engineer should reduce the estimate so as to bring the amount within the value of the old materials.

(True Extract.)

Major, R.E.,
Offg. Joint Secretary to Government.

To the Superintending Engineer, Chingleput, with two enclosures.
